ROSLINDALE VILLAGE CELEBRATES "TURNING THE CORNER"

Mayor Raymond L. Flynn and City Councillor Thomas M. Menino, on April 1, joined hundreds of neighborhood residents and merchants in celebrating the revitalization of Roslindale's business district. A whistle-stop train ride aboard the MBTA's commuter rail line brought several hundred invited guests, including the Washington/Beech cheerleaders, to Roslindale Village. The group was met by the Sacred Heart Drill Team and proceeded to a festive gathering, rife with balloons, bows and ribbons, in Adams Park.

"The residents and merchants of Roslindale deserve the applause today," said Mayor Flynn. "By investing their time and money, they have made possible the renewed stability and economic growth that we see today in Roslindale. I am pleased that my administration was able to help. But the credit belongs to the Roslindale Village Main Street program and to the people of this fine neighborhood."

The event was held in conjunction with the release of a national case study, "New Directions for Urban Main Streets," that details the rebirth of Roslindale's business district. The study was prepared by the National Trust for Historic Preservation, which selected seven communities across the country, including Roslindale, to participate in a three-year Urban Main Street Demonstration Project.

"Main Street has become the means whereby residents and business people are working together with the public sector to bring about positive changes for Roslindale," said Anne Tirrell, president of the Roslindale Village Main Street Board of Directors. "A lot has happened in just a short three-and-a-half years, but there is much work still to do. Main Street has reached a milestone which we are celebrating today, and we intend to continue many more miles to bring back the full strength and vitality of the Roslindale area."

"Over the past several years, Roslindale Village has enjoyed a reurgence of spirit," added Councillor Menino. "The Roslindale Village Main Street program has captured his spirit and has helped lead the way to making Roslindale Village financially sound and physically attractive."

In the three years since the establishment of the Roslindale Village Main Street program, the City of Boston's Public Facilities Department has provided more than 30 local businesses with low-interest loans, financed through the Bank of Boston,

that have led to more than \$2 million in improvements to Roslindale's business district. In that time, 43 commercial enterprises have undergone substantial rehabilitation, 73 storefronts have been upgraded and 30 businesses have put up new signs.

"Roslindale is one of many neighborhoods across the city that today can boast of a healthy, thriving business district," said Lisa G. Chapnick, director of Boston's Public Facilities Department. "That has been made possible because of this administration's efforts, through our Neighborhood Development Bank, to provide low-interest loans to local merchants to expand and improve their businesses. Citywide, for every dollar we invest in public money, we are able to lever more than \$7 in private investments. In Roslindale, that ratio is even greater — every public dollar has yielded twenty dollars in private funds. That's a pretty big bang for our buck."

Over the last 7 years, PFD's Neighborhood Development Bank has issued more than \$11 million in below-market rate loans to nearly 200 neighborhood businesses across

the city. These investments resulted in the creation or retention of some 1,200 jobs.

Other participants in the celebration included PFD Director Lisa Chapnick, Boston City Councillor Tom Menino; Anne Tirrell, president of the Roslindale Village Main Street Board of Directors; Vicki Sandstead, director of the Northeast Regional Office of the National Trust for Historic Preservation, Charles Gifford, president of the Bank of Boston and Vinnie Marino, owner of Vinnie Marino's Restaurant.

In addition to the below-market rate loans provided to Roslindale merchants through the Public Facilities Department's Neighborhood Development Bank, the city has committed more than \$500,000 to upgrade streets, sidewalks and signs in Roslindale through Mayor Flynn's 5-year \$980 million capital improvements plan.

ANOTHER NEW BUILDING ADDED TO CITY HOSPITAL GROUP

VAST HOSPITALIZATION PROGRAM FOR BRINGING INSTITUTION UP INTO LEADERSHIP AMONG ITS KIND TAKEN BY MAYOR NICHOLS IN PROVIDING FOR ERECTION OF MEDICAL PAVILION — NINE-STORY STRUCTURE TO BE COMPLETED BEFORE END OF YEAR — CONTRACT AWARDED AND GROUND ALREADY BROKEN.

Another step in the vast hospitalization plans of Mayor Nichols for the City of Boston, plans that will give Boston one of the greatest hospital centers in the world, has been taken with the approval of the contract for the building of

a Medical Pavilion at the City Hospital. The building will be erected at a cost of \$651,000, and will be finished in eight or nine months.

For the building an appropriation was made of \$750,000. Of this amount, \$579,000 has been carried over from the unexpended balance of the first \$3,000,000 secured for hospitalization work, and the balance, \$171,000, is to be taken from the new loan of \$3,000,000 secured for the completion of the work. In connection with this latter appropriation plans have already been drafted by the architects and the structures planned are to be a new administration building, a new medical and surgical ward, new kitchen, dining room and laundry building, and the remodeling of the old building of the South Department. Should there be any money remaining after this has been done it will be devoted to the erection of a pediatrics pavilion.

Ground for the Medical Pavilion has already been broken and work begun. It will be located between the House Officers' Building and old Wards F, G and H. It will be nine stories high, with basement; steel construction, faced with brick and limestone trimmings. It will be connected by tunnel with the remainder of the hospital and old Wards F, G and H, and when completed will house 234 patients.

The basement will house the clinical laboratories, at present scattered throughout the various buildings, an electrocardiograph connected to all the wards, storeroom, doctors' locker room and dishwashing rooms for all the wards above.

The first six stories will be straight medical wards, male and female. Two of the other three floors will contain wards and single rooms for the care and study of neurological patients, and neurosurgical patients who may be operated upon for any neurological condition, and one floor will be given over to laboratories and an operating room for neurosurgery.

The building will contain two elevators, one for passengers and one for freight, and the latter may be used as a passenger elevator also.

The penthouse on the roof will contain a small operating room, specimen room, animal house and runs. Matthew Cummings was the successful bidder. Other bidders were:

ABCD HEALTH SERVICES AD CAMPAIGN TARGETS MALE ADOLESCENTS

Action for Boston Community Development's (ABCD's) Health Services Department unveiled their "Be Cool. Wear Your Jimmy Hat." ad campaign at a recent press conference. The ad, which is slated to appear on selected MBTA bus routes and on the Orange Line in June, is designed to encourage

sexually active adolescents to practice responsible behavior and to help protect those who are at greatest risk: both teen parenthood and sexually contracting AIDS.

According to the Carnegie Council on Adolescent Development, the incidence of AIDS among U.S. teenagers has increased by 71 percent last year but according to a survey of Boston Public School students, only about one third of those who are sexually active use condoms during intercourse.

Director of ABCD's Family Planning/Health Services Department Mary Russell, calls the campaign a call to be responsible. "Teens end up with the worst of two worlds. They are told that they should not have sex, and yet sexual messages are blasted at them through both print and electronic media. What ABCD's Health Services Program is trying to do is come up with a more middle-of-the-road attitude. The major task of adolescence is figuring out how to deal with your sexuality and intimacy. You can't just tell teenagers don't deal with these issues. In response to the need of teens to be responsible, we have developed this Be Cool. Wear Your Jimmy Hat. Campaign. As a result, we are sending a new message to our teenagers. The message is responsibility," says Russell.

ABCD is the largest human services agency in New England and Boston's antipoverty agency, with funding from a variety of sources totaling over \$30 million.

DR. ROBERT KANE TO SPEAK AT LONG-TERM CARE FORUM

Robert Kane, M.D., dean of the School of Public Health at the University of Minnesota, will be the keynote speaker at a forum on long-term care to be held in Boston on May 10th. As one of the nation's leading authorities on long-term care, Dr. Kane has written widely on the subject, and has co-authored some of his books with his wife Rosalie Kane, DSW, also an authority in the field.

The forum, which will be held in the first-floor student lounge at the University of Massachusetts, Boston, at 100 Arlington Street, will feature a panel of outstanding responders, including Deborah Prothrow-Stith, M.D., commissioner of the Massachusetts Public Health Department; Al Norman, executive director of the Association of Massachusetts Home Care Corporations; and Diane Perlmutter, Home Care Resource Developer for the AIDS Action Committee.

Available will be a long-term care plan proposed by the Committee for a National Health Program and the Gray Panthers of Greater Boston. These two groups are advocating creation of a comprehensive system of community long-term care for all persons with functional disabilities. Such a system, a component of a publicly funded national health program, would emphasize in persons' homes and alternative locations, as well as in nursing homes. This plan would serve everyone: poor people, minorities, the disabled, and others not well served by the current system.

The forum is sponsored by the Gray Panthers of Greater Boston and the Committee for a National Health Program and co-sponsored by a diverse group of agencies and organizations. It is designed to encourage participation by community groups, particularly those who normally do not get a chance to share in discussion of issues that directly affect them. The general public is welcome to attend.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the amending of contracts without advertising, based on the following communications:

CITY CLERK'S OFFICE Printing

Dear Mr. Mayor:

Your Honor's permission is respectfully requested to award a contract, without advertising, to Coded Systems Corporation, a corporation located at New Jersey, for the supplementation of the City of Boston Code, Volume I, Ordinances with ordinances enacted during the years 1986, 1987, 1988.

In 1985, the Corporation Counsel and I jointly issued a request for proposals for the recodification of the ordinances of the City of Boston and publishing a new, totally revised code from four major firms in the United States, widely recognized as having experience in codification of municipal ordinances. The RFP was also sent to Massachusetts Lawyers Weekly and the city's Printing Division.

After an analysis of all proposals received, and based upon the recommendation of the Corporation Counsel, the contract for recodification and publishing was awarded to Coded Systems Corporation, which has furnished us with the first revision of the City Code since 1975.

Part of the 1985 RFP called for the firm receiving the contract to publish, at an interval approved by the City Clerk, updates of the Code. In accordance with the RFP and Coded Systems' Proposal "B," as amended, Coded Systems quoted the cost of supplementation to be at a rate of \$22.90 per page. The only other firm which quoted a supplement rate in 1985 set the cost at \$28.75 per page.

The total cost of the contract to provide 1,100 supplements, including interpolating all amending, supplementing, or repealing ordinances into the Code, revising pages as required for the Table of Contents, text, Index and Disposition Table and Filing Instruction Sheet, is an amount not to exceed \$9,000. The term of the contract is the period of April 20, 1989, through June 30, 1989.

Because Coded Systems Corporation has agreed to prepare and publish the first supplement at the rate quoted in their 1985 proposal, and in view of the working knowledge that firm already has with the City of Boston Code, I believe that public advertising would serve no useful purpose.

Very truly yours,
John P. Campbell,
City Clerk.

HEALTH AND HOSPITALS DEPARTMENT Podiatry Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract to Daniel Seligman, D.P.M., Medford, for the period July 1, 1989, through June 30, 1990, at a cost not to exceed \$15,600.

Under this contract, Dr. Seligman will provide on-site consultative services in podiatry to Mattapan and Long Island Hospitals. At Mattapan Hospital the on-site consultative sessions are to be scheduled in advance, not to exceed one session per week. Each four-hour session, the frequency and hours of which are to be determined by the

Medical Director, shall be reimbursed at the rate of \$37.50 per hour to be paid monthly on a services-rendered basis. On-site consultative sessions shall also be provided at Long Island Hospital, and each four-hour session, to be scheduled in advance shall be reimbursed at the rate of \$37.50 per hour to be paid monthly on a services-rendered basis. Dr. Seligman must make coverage arrangements in the event of any absence, including vacation.

Dr. Seligman has provided the department with excellent performance in the past. Unadvertised contracts have been awarded to Dr. Seligman for the past three fiscal years in the following amounts: 1989 — \$15,600 — 1988 — \$15,600; 1987 — \$15,600.

Because of the special fitness of Dr. Seligman to provide these services, because of the professional nature of the services to be rendered, and as the cost, in my opinion, is reasonable, no useful purpose would be served by publicly advertising for bids.

Very truly yours,
Judith Kurland,
Commissioner.

Ophthalmologist Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to University Consulting Ophthalmologist, Inc., 80 East Concord Street, for the period July 1, 1989, through June 30, 1990, at a cost not to exceed \$6,720.

Under this contract, University Consulting Ophthalmologists, Inc., will provide on-site consultative sessions in ophthalmology at Mattapan Hospital. Each four-hour session will be scheduled every other week for twenty-six weeks. Reimbursement will be paid monthly at the rate of \$55 per hour. Twenty-four-hour telephone availability for questions regarding ophthalmologic problems will be reimbursed at a flat rate of \$1,000.

Unadvertised contracts were awarded to University Consulting Ophthalmologists, Inc., for the past two fiscal years in the following amounts: 1989 — \$7,970 (Mattapan and Long Island Hospitals); 1988 — \$3,083.50 (Feb. 1, 1988 — June 30, 1988). Prior to that, Dr. Price was awarded an unadvertised contract in 1987 in the amount of \$7,700.

As University Consulting Ophthalmologists, Inc. employs individuals who are specialists in the field, because of the professional nature of the services to be provided, and as the cost, in my opinion, is reasonable, no useful purpose would be served by publicly advertising for bids.

Very truly yours,
Judith Kurland,
Commissioner.

Various Preventive Maintenance

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Marquette Electronics, Inc., Wisconsin, for the period July 1, 1989, through June 30, 1990, at a cost not to exceed \$2,664.

Under this contract, Marquette Electronics, Inc. will provide all parts, excluding expendables, labor, routine and preventive maintenance checks to one Marquette Case 12 and one Treadmill located in the Heart Station at Boston City Hospital. All repairs and maintenance will be performed during normal working hours.

Fiscal year 1989, was the first year that a contract was awarded to Marquette Electronics, Inc. the amount of \$2,664. Prior to that, the equipment was still under warranty.

Therefore, because Marquette Electronics, Inc. is the manufacturer, and has the personnel specially trained to service the above equipment, at cost I consider to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
Judith Kurland,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Coulter Electronics, Inc., New Jersey, for the period July 1, 1989, through June 30, 1990, at a cost not to exceed \$13,200.

Under this contract, Coulter Electronics, Inc. will provide a full service contract to include parts, labor and travel on a twenty-four-hour basis, seven days a week, with an on-site response within four hours, for the Coulter S plus 4, serial No. 7167, located in the Hematology Department at Boston City Hospital.

For the past two fiscal years, Coulter Electronics, Inc. was awarded unadvertised contracts for the following amount: 1989 — \$13,200; 1988 — \$13,200. In 1987, a contract was awarded, as a result of public bid, to Beckman Instruments, Inc. the amount of \$13,200. However, delays in repair due to lack of system knowledge and parts were not uncommon, and therefore the department has chosen to return to the manufacturer for service of this sophisticated equipment.

Therefore, because Coulter Electronics, Inc. is the manufacturer and has the personnel specially trained to service the above equipment, and as the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
Judith Kurland,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to United X-Ray Corp., of Massachusetts, Fall River, for the period July 1, 1989, through June 30, 1989, at a cost not to exceed \$247,100.

Under this contract, United X-Ray Corporation will provide the following services at Boston City Hospital:

1. Service maintenance for Phillips X-ray Equipment located in A.C.C. X-Ray Room 1, 2, 3, 4, 7, and Polytome Systems, to include parts, labor and travel between 8 a.m. and 5 p.m. \$148,632.75.
 2. Repair contract on above equipment as needed, after 5 p.m., weekends and holidays \$10,000.
 3. Service maintenance for Angio Suite and Cystoscopy table, \$63,467.25.
 4. To furnish x-ray tubes as needed, \$25,000.
- United X-Ray Corporation has provided the department with quality maintenance service for over nineteen years. United X-Ray Corporation has been awarded unadvertised contracts for the last

ree fiscal years in the following amounts: 1989—\$33,000; 1988—\$247,080; 1987—\$207,000. Therefore, because United X-Ray Corporation is the sole distributor and the only company to serve the Radiologic Units and, because the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
Judith Kurland,
Commissioner.

POLICE DEPARTMENT Medallions

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Keyes-Davis Company, a corporation, located at Michigan, for the manufacturing of the Hackney carriage medallions.

Under the terms of the contract, Keyes-Davis Company will manufacture 1575 taxicab medallions for distribution by the Boston Police Department's Hackney Carriage Unit.

Keyes-Davis Company, a license plate manufacturer, is especially qualified to perform this service because they are the sole owners of the die which stamps these unique medallions.

Compensation under this contract shall be at the rate of \$1.40 each for a total not to exceed \$2,205, which I have determined to be reasonable for the work to be performed. This funding will be charged against appropriation 011 211 0211 PD03 0290 at an initial encumbrance of \$2,205. The term of the contract shall be March 20, 1989, through June 30, 1989.

The services of the Keyes-Davis Company have been retained for the past ten years under a service order; however, due to the increased number of medallions, a contract becomes necessary. Whereas Keyes-Davis Company is uniquely qualified to do this work for a reasonable price, I believe that public advertising would serve no useful purpose.

Respectfully,
Francis M. Roache,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT Neighborhood Housing Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on February 10, 1989, I respectfully request your Honor's written permission to dispense with public advertisement and award a contract to Boston Neighborhood Housing Services, a non-profit corporation, located at 33 Harrison Avenue. Under the terms of this contract, the contractor will ordinate and provide technical assistance for the construction of a lot on a city-owned vacant lot located in Uphams Corner, Dorchester. The project includes the installation of play equipment, fencing, and landscaping.

Compensation under this contract shall not exceed \$25,000 which I have determined to be reasonable. Funds for the contract shall come from monies received under the Community Development Block Grant program. The total cost of the project is estimated to be at least \$40,000. The balance is being funded through matching funds from the community, the Parks and Recreation Department and other institutions. The term of this contract shall be from April 10, 1989, to June 30, 1990. The contractor was selected based upon an evaluation of the proposal submitted in response to a publicly advertised request for proposals conducted by the Public Facilities Department on July 27, 1987 in the *Boston Globe*. Planning for this project began in June 1987; since then efforts continued to transfer ownership of the vacant lot from the Public Facilities Department to the Parks and Recreation Department. At the same time, the contractor gathered community support and raised additional funding. The community now enthusiastically supports this much-needed playspace and has agreed to share the responsibility for its upkeep.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
Lisa G. Chapnick,,
Director.

SCHOOL DEPARTMENT Steam Boiler Repairs

Dear Mr. Mayor:

Please be advised that on December 3, 1988, a severe steam leak was discovered beneath the floor at the Boston Latin Academy.

The severity of the leak was such that it became impossible to keep the steam boiler operational since the low-water safeties kept shutting it off. It was immediately necessary to excavate, locate, and replace the broken line in order to provide heat to the building.

Supervisors from the heating division of the Department of Planning and Engineering were dispatched to the school to obtain and direct the work of a general contractor. T. C. Murphy was immediately able to respond with the required equipment and material to perform the required repair. The work was done at the normal rate as set by the Department of Planning and Engineering and supervised by our employees.

I therefore request your approval of my action in awarding a contract, without advertising, to T. C. Murphy, Dorchester, to perform emergency steam repairs at the Boston Latin Academy in an amount not to exceed \$4,995. The date of the contract should be from December 3, to December 18, 1988. The contractor was ordered to proceed immediately because of the emergency nature of the work.

Contract documentation was not completed until April 3, 1989. The delay in the receipt of the completed contract documents from the contractor is the reason for the late submission of this contract.

Respectfully yours,
Robert R. Roy,
Senior Structural Engineer.

Educational Testing Service

Dear Mr. Mayor:

On July 26, 1988, your Honor approved the award of a contract, without public advertising for bids, to Educational Testing Service (ETS), a corporation located at New Jersey, for administration of the Secondary School Admission Test during the period July 1, 1988, to June 30, 1991, at a cost not to exceed \$232,200.

Your Honor's approval is requested to delete the following section (section 4.b) from the additional terms and conditions of the agreement:

If any Boston candidate subsequently requests ETS to send an SSAT score transcript to any other schools, a fee of \$25 will be collected by ETS from the candidate and the Committee

will be credited with this amount. Money thus accumulated will be remitted to the Committee at the close of the academic year.

The following section will be substituted in its place:

If any Boston candidate subsequently requests ETS to send an SSAT score transcript to any other schools, the currently published test fee will be collected by ETS from the candidate and the Committee will be credited with this amount. Money thus accumulated will be remitted to the Committee at the close of the academic year.

All other terms and conditions of this agreement will remain in full force and effect.

Very truly yours,
Laval S. Wilson,
Superintendent.

Research for External Funds Office

Dear Mr. Mayor:

As superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Stephen Holt, an individual located at Dorchester.

This contract shall be in effect during the period April 4, 1989, to June 30, 1989, and shall occur at a cost not to exceed \$4,000, which I have deemed to be reasonable.

Under the terms of this agreement, the contractor will research, plan, and write applications for external funds at the direction of the senior program director of the External Funds Office. Services will be provided at the rate of \$50 per hour.

The contractor is specially qualified to provide the above services because he is experienced in a variety of public education programs; he has demonstrated an ability to research and write very quickly and very well; he is experienced in grant writing; and he is willing and able to meet short notice deadlines.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids.

This is the first contractual agreement between the school department and the selected vendor.

Very truly yours,
Laval S. Wilson,
Superintendent.

SHERIFF'S DEPARTMENT Emergency Prisoners Housing

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to the Berkshire County Sheriff's Department, Pittsfield, for services to the Suffolk County Sheriff's Department, specifically, for emergency housing of Suffolk County prisoners.

Under the terms of the attached two-page contract, the Berkshire County Sheriff's Department shall provide limited, emergency, prisoner housing for Suffolk County Sheriff's Department prisoners who cannot be accommodated at the Charles Street Jail facility due to pending Massachusetts Supreme Judicial Court and United States District Court orders. Compensation under this contract shall not exceed \$26,550 at the rate of \$25 per day per prisoner. I have determined that these fees are reasonable for the service provided. The term of the contract shall be from November 1, 1988, through February 28, 1989.

The Berkshire County Sheriff's Department is a

governmental entity which is uniquely available and able to provide maximum security incarceration services for reasonable costs. Public advertising for maximum security incarceration would serve no useful purpose.

Please excuse the tardiness in the submission of this letter, as severe overcrowding due to increasing commitments of detainees and administrative delays with the Berkshire County Commissioners created this unavoidable emergency.

Very truly yours,
Robert C. Rufo,
Sheriff.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

Electrical Repairs

Dear Mr. Mayor:

On July 13, 1988, your Honor approved an award of a contract based on public advertising for bids, to CNM Electrical Construction, Inc., Braintree, for electrical repairs to buildings and structures, Contract A, during the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$24,075.

The above contract is for an as-needed basis. A number of unanticipated electrical repairs were required at the Franklin Park yard which expended the monies that were originally budgeted for this contract. Due to the increase in electrical repairs, monies allotted need to be increased before the completion of the contracting period. Your approval is requested to amend this contract to provide funds for additional needed electrical repairs. Payment for work performed will be at the original contract unit prices.

The cost for this amendment which is effective on April 15, 1989 shall not exceed \$5,000, a sum which I have determined to be reasonable. The contract as amended shall not exceed \$29,075, to be charged to 011-300-0301-0260-PK02.

Because time is a critical factor, and because the contractor has performed satisfactorily, it is my judgment that the amendment proposed is in the

best interest of the city, and that public advertising would serve no useful purpose.

Very truly yours,
Patrick S. Harrington,
Executive Assistant.

PUBLIC FACILITIES DEPARTMENT Pinebank Building Study

Dear Mayor Flynn:

Under delegation from the Public Facilities Commission to the director of the Public Facilities Department dated November 19, 1987, I respectfully request your Honor's written permission to dispense with further public advertisement and amend a contract approved by your Honor on March 11, 1988, awarded to Robert G. Neiley architects with offices at 286 Congress Street, for a feasibility study to evaluate the condition of the historic Pinebank Building at Jamaica Pond. The cost of this amendment shall not exceed \$2,700. The amended cost of this contract shall not exceed \$30,360 (including \$9,060 for supplementary services).

Said amendment is necessary due to the increased scope of service required of the designer. Under the terms of the amended contract, Robert G. Neiley architects shall provide additional supplementary services including an asbestos abatement project monitor to provide site visits and air sampling. Asbestos was discovered during this project. As a safety measure for the workers, it is necessary to remove the asbestos.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions, and the reasonable cost of such services, it is in view that further public advertising would serve no useful purpose in this particular instance.

Sincerely,
Lisa G. Chapnick,
Director.

Design Renovation Services

Dear Mayor Flynn:

Under delegation from the Public Facilities Commission to the Director of the Public Facilities Department dated November 19, 1987, I respectfully request your Honor's written permission to dispense with further public advertisement and amend a contract approved by your Honor on June 7, 1988, awarded to Sterling Associates, Inc., with offices at 286 Congress Street, for the design of renovations to Veronica Smith Multi-Service Senior Center Phase II. The cost of this amendment shall not exceed \$9,725. The amended cost of this contract shall not exceed \$93,780 (including \$24,700 for supplementary services) which is a fixed fee of 13.034 percent based on an estimated cost of construction of \$530,000.

Said amendment is necessary due to the increased scope of service required of the designer. Under the terms of the amended contract, Sterling Associates, Inc. shall provide additional services including brick repointing.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions, and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose in this particular instance.

Sincerely,
Lisa G. Chapnick,
Director.

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA
PRESIDENT, CITY COUNCIL

VOL. 81

MONDAY, MAY 15, 1989

NO. 20

MAYOR FLYNN APPOINTS NEW BUDGET DIRECTOR

Mayor Raymond L. Flynn has announced the appointment of Barbara S. Gottschalk as the new director of the Office of Budget and Program Evaluation for the City of Boston. She is currently the deputy director for Program Evaluation in the Budget Division and replaces Robert Ciolek, recently named commissioner of the Boston Water and Sewer Commission.

Her appointment became effective on May 1.

"Barbara Gottschalk's many years of experience and extensive knowledge of the City's fiscal affairs make her an excellent choice for budget director," the Mayor said.

"Her role as manager of Boston's program budget and evaluation system prepares her well for the challenging task of maintaining essential city services at a time of reductions in state aid to cities and towns," added Mayor Flynn.

A South End resident, Gottschalk, forty-four, has worked in the city's budget office since 1987 as Deputy Director for Program Evaluation. She was previously the Commissioner of the Maine Department of Agriculture where she supervised 365 employees and managed a \$15-million budget.

"Sustaining efficient service delivery for Boston's residents while operating under tight fiscal constraints is both a priority and a challenge I look forward to as the City's new budget director," Gottschalk said.

The Budget Division is responsible for the development of the City's yearly operating budget and the evaluation of departmental performance. The budget office works closely with City departments to ensure that the appropriations process reflects and enhances departmental program goals.

Gottschalk graduated from the University of California, Berkeley, in 1974, with a Master's in City Planning. She received her undergraduate degree in Political Science at American University in 1966.

MAYOR FLYNN APPOINTS "JEEP" JONES BRA COMMISSIONER

Clarence "Jeep" Jones, a member of the Boston Redevelopment Authority Board, was named Chairman of the BRA, on May 7, by Mayor Raymond L. Flynn.

Mayor Flynn announced his most recent appointment to Mr. Jones' fellow parishioners and pastor at the Twelfth Baptist Church during Sunday services. Mayor Flynn had accepted an invitation from Reverend Michael Haynes to speak to the congregation of the Warren Street church, where Clarence Jones is an usher.

"For as long as I have known Jeep Jones," said Mayor Flynn, "his name has been synonymous with the strengths of our neighborhoods and the importance of securing bright futures for our young people. Throughout this decade, he has helped oversee the dynamic growth of the Boston economy and our success in sharing the benefits with our neighborhoods. His experience will serve us well at this crucial moment on our effort to connect the youth of our city to the economic opportunities which responsible development can create."

Clarence Jones has served as a board member of the BRA since 1983. Prior to his appointment, he had been a Deputy Mayor of the city. During his years on the five-member BRA board, Mr. Jones has been supportive of new development initiatives designed to improve the quality of life in all Boston neighborhoods and support continued economic growth in the city. The current BRA agenda includes creative pro-

grams that build bridges between Boston neighborhoods and the downtown economy. Among these programs, parcel-to-parcel linkage and the Boston Jobs agreements work to create opportunities for Boston residents in downtown development. The re-vamping of zoning plans for Boston neighborhoods, and the interim plans for neighborhood development, are currently being undertaken by the Redevelopment Authority. Neighborhood residents and groups are actively involved in these efforts to redefine neighborhood zoning in Boston neighborhoods for the first time in over twenty years.

MBTA TO IMPROVE RED LINE ACCESS

Passengers with special needs will have better access to Red Line subway stations under a newly approved \$1.18 million contract for the design of elevators and other special features on the Braintree and Dorchester lines, according to MBTA General Manager Thomas P. Glynn.

The contract allows design planning to begin for the Savin Hill, Fields Corner and Shawmut stations on the Red Line's Dorchester extension, and at North Quincy, Wollaston and Quincy Center stations on the Braintree line. These are the last stations requiring design of specialized features to make the Red Line accessible; the Charles/MGH station will become accessible as part of a future design program.

"This new contract is part of the MBTA's continuing, aggressive efforts to expand access to the system," Glynn said. "We are very sensitive to the special needs of our passengers, and our aim is to provide the finest, most accessible transit services possible."

Glynn pointed to recent programs to improve accessibility at twenty-eight commuter rail stations throughout the

area and modernization programs under way on the Blue Line and Orange Line which will improve access as well. The Southwest Corridor Extension of the Orange Line, opened in 1987, is fully equipped for special needs passengers.

Under the newly approved contract, Architects and Associated Designers, Inc. of Boston will design safety features, elevators, ramps and curb cuts where necessary, and changes where needed to exits and entrances at the stations. Overall construction under the new Red Line project is expected to cost approximately \$34.5 million.

Future T plans call for installation of elevators and other design improvements to improve access at four more Orange Line stations, in addition to the thirteen stations on the Orange Line already accessible.

The MBTA operates several other programs for special needs passengers. The *Call-A-Lift Bus Program* allows riders to call a special phone number, 1-800-Lift Bus to schedule a lift-equipped bus for next day service on any of 140 bus routes. Nearly one-third of the Authority's bus fleet is lift-equipped, including 190 new buses.

The Authority also operates a *Reduced Fare Program*, which allows passengers to purchase a *Special Needs Reduced Fare Pass*, allowing a ten-cent fare on buses and trains and half fare on other routes. In addition, the MBTA's The Ride program provides door-to-door, lift-equipped van service for passengers with special needs within thirty-six area communities.

MBTA EXTENDS CONTRACTS FOR ESCALATOR MAINTENANCE

The MBTA Board of Directors has voted to approve contracts totalling more than \$2.1 million to insure the maintenance and repair of 134 escalators throughout the T system. The contracts extend existing arrangements with three companies — the Otis Elevator Company, Westinghouse Elevator Company, and Montgomery Elevator Company — for complete maintenance and repair, including preventive maintenance, of the many escalators in stations throughout the Greater Boston area.

"To ensure that our passengers move quickly and safely in and out of stations, it is very important that we provide constant inspection and maintenance of our escalators," MBTA General Manager Thomas P. Glynn said.

The contracts mandate weekly lubrication, constant monitoring, monthly adjustments and tests, and cover all labor, parts and components for each escalator the MBTA operates. Glynn added that the average monthly cost of maintaining a single escalator is more than \$1,200. Over the past two years, the number of escalators in MBTA stations has increased by 29, from 105 to 134. The contracts were extended for one year, with the MBTA retaining an option to renew, based on performance.

Fire Fighter Elliot Coleman, Ladder Company 25.

V. HIGH COMMENDATION

On March 16, 1989, at approximately 2113 hours, Fire Fighter/Inspector Phillip E. Marsh, Fire Prevention Division, while off duty and stopped at a traffic light in Codman Square, saw two teenagers light newspapers and attempt to set fire to a three-story, ordinary construction vacant building at 600 Washington Street, District 8.

Inspector Marsh notified Fire Alarm by radio and requested a still alarm. When he approached the two suspects, both fled behind the fire building. Inspector Marsh pursued the suspects through back yards and over fences until the suspects split up. He continued after the taller suspect for several blocks where he apprehended him as he entered a three-family dwelling at approximately 742 Washington Street. A crowd gathered and pressured Inspector Marsh to release the suspect. Inspector Marsh continued to update Fire Alarm of his location as it changed during the pursuit. Fire Alarm notified Inspectors John J. O'Sullivan and Edward S. Twitty of the Fire Investigation Unit, who responded to the incident. On arrival they arrested the suspect and removed him from the scene, which had grown tense because of Inspector Marsh's refusal to release the suspect.

As Inspector Marsh was returning to his car in Codman Square, some youths informed him the second suspect could be found at 656 Washington Street. Inspector Marsh confronted the suspect and apprehended him. Inspector Twitty arrested him and both suspects were transported by Boston Police to Area C and charged with arson.

Because this act was performed with great personal risk, without knowledge of whether the suspects were armed or not, or if the crowd could turn from threats to action, and because of his quick aggressive action, without regard for his own personal safety, thus preventing a serious fire in a very hazardous vacant building, the Fire Commissioner is pleased to highly commend Fire Fighter/Inspector Phillip E. Marsh, Fire Prevention Division, and refers his case to the Board of Merit for further consideration.

VI. COMMENDATION

District Fire Chief John J. Hurley of the Fire Investigation Unit is hereby commended for his dedication to duty in the investigation of the cause and

circumstances of an arson fire at 371-373 Dorchester Street on February 17, 1988.

As a direct result of the efforts and determination of District Fire Chief Hurley, the arsonist was found guilty of the charge and was sentenced to six to ten years in prison.

A copy of this commendation will be placed in District Fire Chief John J. Hurley's personnel folder.

CONTRACTS AWARDED

The Mayor has approved the award of the following contracts to the lowest eligible bidders:

PARKS AND RECREATION DEPARTMENT

Graphic Design Services

Dear Mayor Flynn:

For professional design services for signage within the Olmsted park system, awarded to McLaughlin and McLaughlin, compensation under the terms of this contract will not exceed \$20.00.

Sincerely,

William B. Coughlin,
Commissioner.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

HEALTH AND HOSPITALS DEPARTMENT

Oil Burners Repairs

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the following contract for the amount shown:

Contract No. C239-89; Vendor, F.I. Rounds Co., Randolph; Amended Amount, \$16,000; New Contract Amount, \$31,000.

The above contract is for estimating periodically the cost of, and thereafter, upon the lowest responsible estimate, performing repairs to the oil burners at Long Island Hospital and Mattapan Hospital for the period July 1, 1988, through June 30, 1989.

This amendment, which applies to Long Island Hospital only, is necessary to cover the additional costs incurred for repairs to these burners. The equipment at this hospital is very old and the volume of needed repairs was underestimated.

Therefore, in view of the above, and as the cost increase, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,

Judith Kurland,
Commissioner.

JOBS AND COMMUNITY SERVICES

Adolescent Counseling Services

Dear Mayor Flynn:

On or about June 30, 1988, you Honor approved the award of a contract to the South Cove Community Health Center, a nonprofit corporation, located at 885 Washington Street, to provide adolescent counseling services. Compensation was in the amount of \$5,927, payment being made from funds

received under the Community Development Block Grant (CDBG) program for the period of July 1, 1988, until June 30, 1989. This contract is funded in conjunction with the State's Department of Social Services, Public-Private Partnership Program.

Your approval is requested to amend this contract in terms of compensation. The purpose of this amendment is to increase the contract amount to match funds provided by DSS to upgrade the salaries of the staff employed under this contract. Therefore, request permission to increase compensation in the amount of \$130. Total compensation under the terms of this contract, as amended, shall not exceed \$6,057. All other terms and condition of the original contract shall remain the same.

As this is a negotiated contract amendment at reasonable cost, I believe that public advertising would serve no useful purpose.

Sincerely,

Theodore C. Landsmark,
Director.

PARKS AND RECREATION DEPARTMENT

Food Services

Dear Mr. Mayor:

On June 7, 1988, you Honor approved an award of a contract based on public advertisement for bids to Famolare's Caterers, 301 E Street, South Boston, for food services for park events during the period July 1, 1988, to June 30, 1989, at a cost not to exceed \$20,000.

The above contract is for an as-needed basis. Due to the large number of participants that took part in park programming events this past summer, the demand for food services to be provided at these programming events was much higher than anticipated. Your approval is requested to amend this contract to provide additional funds for services for special playground and park events that will take place during the spring and early summer months.

The cost of this amendment, which is effective on April 3, 1989, shall not exceed \$10,000, which have determined to be reasonable. The contract as amended, shall not exceed \$30,000. Payment for the services performed will be at the original contract unit prices.

Due to the contractors ability to continue the services and because the contractor has performed satisfactorily, it is my judgment that the amendment proposed is in the best interest of the city, and that public advertising would serve no useful purpose.

Sincerely,

Lawrence A. Dwyer,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with temporary clinical specialists, Quincy, for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$15,000.

This amendment will increase the contract sum by \$7,000, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$22,000.

This amendment is necessary due to the fact that other vendors were unable to supply the Biochemistry Department with medical technologists when needed.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,
Judith Kurland,
Commissioner.

Temporary Nursing Personnel

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with TAC Medical Services, for providing temporary nursing personnel services to the Department of Health and Hospitals for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$200,000.

This amendment will increase the contract by \$200,000, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$400,000.

Because of the shortage of nurses, Boston City Hospital has been unable to recruit enough nurses to staff the wards. Therefore, the hospital has had to increase the services provided by temporary nursing agencies.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,
Judith Kurland,
Commissioner.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

HEALTH AND HOSPITALS DEPARTMENT Microscope Preventive Maintenance

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Carl Zeiss, Inc., New York, for the period March 1, 1989, through June 30, 1990, at a cost not to exceed \$3,670.

Under this contract, Carl Zeiss, Inc. will provide one preventive maintenance check for three Zeiss O.R. microscopes, plus four emergency service calls.

The total cost for such maintenance is \$3,300 less 10 percent discount plus \$700 charge for the first year to bring the instruments up to factory specifications. Thus the final cost for maintenance will be \$3,670.

Fiscal year 1989 is the first year that a contract will be in effect for the above equipment. Prior to this, the cost had been under \$2,000, therefore no contract was warranted.

Therefore, because Carl Zeiss, Inc. is the manufacturer with personnel specially trained to service the above equipment at a cost I consider to be reasonable, no benefit would inure to the city by public advertising for bids.

Very truly yours,
Judith Kurland,
Commissioner.

LAW DEPARTMENT Investigative Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Donna Foscaldo, an individual residing at Roslindale, for administrative and investigative services.

Under the terms of the contract, Donna Foscaldo will provide administrative and investigative services to the Workers' Compensation Service of the Law Department, including but not limited to,

claims processing, medical management, medical interviewing, filing for discontinuance conferences, obtaining medical records and notifying claimants of the status of their workers' compensation claims. Donna Foscaldo is uniquely qualified to do this work because of her previous work experience with the Workers' Compensation Service and her knowledge of the workers' compensation laws and procedures.

Compensation under this contract shall not exceed \$15,800, and the payments from appropriation code no. 011-3341-031-0290 will be made at the rate of \$15 per hour, which I have determined to be reasonable for the work to be performed. The term of the contract shall be from July 1, 1989, to June 30, 1990. Ms. Foscaldo has contracted with this office from February to June 1988 (five months) for \$4,650 and 1988-89 for \$15,800.

because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very Truly Yours,
Joseph I. Mulligan, Jr.,
Corporate Counsel.

POLICE DEPARTMENT

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Drop-A-Dime/Report Crime Intelligence Data, Inc. ("Drop-A-Dime"), located at 90 Warren Street, to assist in the investigative efforts of the Boston Police Department's Drug Control Unit.

The Boston Police Department shall provide fiscal assistance to the Drop-A-Dime Program which, in return, shall provide to the Boston Police Department any and all intelligence of which they become aware relative to criminal, especially drug, activity. Upon receipt of documentation, the Police Department shall reimburse Drop-A-Dime for the operating costs of the program.

Compensation under this contract shall not exceed \$20,000, which I have determined to be reasonable for the work to be performed. This funding will be charged against appropriation 011 211 0211 PD07 0290 with an initial encumbrance of \$1,666. The term of the contract shall be from July 1, 1989, through June 30, 1990.

Drop-A-Dime/Report Crime Intelligence Data, Inc. had a contract with the Police Department for \$20,000 in FY'88 and FY'89.

In light of the unique experience of the Drop-A-Dime Program, its personnel, and your Honor's commitment to the program, I submit that public advertising would serve no useful purpose.

Respectfully,
Francis M. Roache,
Police Commissioner.

Custodial Services

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to award a

contract for custodial services to Manual Cleaning Company, an individual, located at Jamaica Plain.

Under the terms of the contract, Manuel Cleaning Company will assume janitorial and maintenance responsibilities for the Police Department's Area D, located at 7 Warren Avenue. These responsibilities were previously performed by Boston Window and Floor Cleaning Company. However, due to the unwarranted actions and subsequent arrest of one of their employees while on Police Department property, coupled with four prior poor performance warnings, this vendor must be terminated.

As the department must adhere to Massachusetts State laws regarding the daily cleaning of cell blocks, an emergency contract had to be awarded. The department contracted seven vendors who perform this service for a written price quotation. The results were as follows:

AA Cleaning Co., South Boston, no response; ABC Cleaning of Boston, Dorchester, no response; Pedone Cleaning Service, Brighton, no response; Albert Dozier Cleaning Service, Boston, no response; Manuel Cleaning Co., Jamaica Plain, \$3,676 per month; Berdon's Janitorial Service, Boston, \$6,000 per month; Anderson's Janitorial Service, Dorchester, \$9,391.20 per month.

Inasmuch as Manuel Cleaning Company submitted the lowest bid, and inasmuch as the bid is a reasonable one, your permission is requested to award this contract, without advertising, to Manuel Cleaning Company for a period of March 15, 1989, through June 30, 1989. The rate of compensation shall be \$3,676 per month for a total cost not to exceed \$13,866. This funding will be charged against appropriation 011 211 0211 PD02 0260 with an initial encumbrance of \$13,866.

Due to the exigency of the situation, public advertising was not possible.

Respectfully,
Francis M. Roache,
Police Commissioner.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

HEALTH AND HOSPITALS DEPARTMENT Orthopedic Instrumentation, etc.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with Synthes (USA), Paoli, PA 19301-1222, to furnish Orthopedic Instrumentation, Penile Prosthesis, Neurosurgical Products, to the Department of Health and Hospitals, for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$26,000.

This amendment will increase the amount of the contract by \$10,000, thereby increasing the City's total liability under this contract to an amount not to exceed \$36,000.

There has been an increase in the number of orthopedic trauma cases leading to an increase in the use of a technique called external fixation. Without the use of surgery pins and rods are inserted into the bones and other external devices are used for stabilization. Patients are often then transferred to other hospitals for further treatment. When patients remain in-house these devices are

eventually retrieved for reuse but when a patient is transferred, although the patient will be charged for the instrumentation, Boston City Hospital does not recover the devices and thus must purchase more to maintain its inventory.

In view of the above and because the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,

Judith Kurland,
Commissioner

Dear Sir:

Computer Maintenance

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with SMS Computer, Inc., 267 No. Beacon Street, Boston, MA 02135 for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$13,016.

Under this contract SMS Computer, Inc., provides maintenance and repair service for Peripheral Computer Hardware, repair and installation of Computer Terminals and Instrument Interfaces to the Laboratory Computer System located at Boston City Hospital.

This amendment will increase the contract sum by \$4,500, thereby increasing the City's total liability under this contract, as so amended, to an amount not to exceed \$17,516.

This amendment is necessary to cover the costs for cable hookups for the DEC-RAD Computer relocation.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,

Commissioner

JOBS AND COMMUNITY SERVICES

Employment Related Services

Dear Mayor Flynn:

On January 31, 1989, your Honor approved the award of a contract with the United South End Settlements, a non-profit corporation, located at 566 Columbus Avenue, Boston, to provide employment related services to unemployed minority residents. Services include recruitment, assessment, training and direct job placement services. Compensation was for an amount not to exceed \$81,000, payment being made from funds provided to the City of Boston by the Executive Office

of Economic Affairs to operate Minority Employment Initiative Programs for the period September 1, 1988, until June 30, 1989.

Your approval is requested to amend this contract in terms of compensation and the scope of services. The purpose of this amendment is to increase the contract amount to allow the contractor to provide additional training services in the area of computer oriented office skills to unemployed minority residents, and to provide services to thirty additional participants. Funding will be provided under the Minority Employment Initiative Program in the amount of \$19,415. Total compensation under the terms of this contract, as amended, shall not exceed \$100,415. All other terms and conditions of the original contract shall remain the same.

As this is a negotiated contract amendment at a reasonable cost, I believe that public advertising would serve no useful purpose.

Sincerely,

Theodore C. Landsmark,
Director

Day Care Services

Pursuant to the Supplemental Minority/Women Participation section of this contract, each bidder must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise and at least 5 percent of his bid price shall be expended for women business enterprise.

Each bidder shall submit with the bid completed Minority/Women Business Utilization Form (M/WBU-F). The Minority and Women Business Utilization Form shall be completed and signed by the M/WBE and the bidder. Failure to submit a Minority and Women Business Utilization Form with the bid proposal will result in the rejection of the bid.

nesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Parks and Recreation Department Affirmative Action Office, 1010 Massachusetts Avenue, telephone 725-4505 ext. 6110 or from the Mayor's Office of Jobs and Community Services Minority Business Office, 43 Hawkins Street, Boston, MA 02114. In the event that the bidder selects a minority/or women business that is not included in the Minority/Women Business Directory provided by the Minority/Women Business Office, then a Certification Application completed by the non-certified business must be filed with the bid proposal. If the Minority/Women Business Enterprise is not eligible for certification, the dollar amounts obligated to a non-certified minority or women business will not count toward the contractor's minority/women business percentage requirement.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

THOUSANDS OF VACANT LOTS CLEANED IN FY 89

As a result of several aggressive clean city initiatives, over 2,000 city and private-owned lots have been cleaned since July 1, 1988. An expected 500 more lots are to be cleaned by June 30, 1989 — the end of the fiscal year — according to figures compiled by the Mayor's Office of Neighborhood Services.

The Vacant Lot Maintenance Program, which monitors the cleaning, policing, and fencing of lots, involves the cooperation of several city departments, including the Mayor's Office of Neighborhood Services, Public Works, Real Property, Inspectional Services, Community Schools, and the Penal Commission.

The city employs a variety of strategies to clean vacant lots. One of the most successful is the Summer Youth Clean-up Program. Run by Community Schools, the program hires teens, ages thirteen to eighteen, to clean vacant lots.

The State's proposal to level-fund local aid placed this successful program in jeopardy this year. However, because of Mayor Flynn's commitment to providing employment opportunities and activities for the city's youth, the program will be funded for the 1989 summer season.

"It is this kind of positive program I don't want to see compromised because of the State's inability to balance its books," said Mayor Raymond L. Flynn. "The program has been a great success and it is important to Boston's young people that it be maintained."

Last year, 220 teenagers cleaned 500 sites and removed 375 tons of debris through the Summer Youth Clean-Up Program.

According to Don Gillis, Director of the Mayor's Office of Neighborhood Services, the Vacant Lot Program has been very successful. "There has been a dramatic increase in the number of lots we have been able to clean each year. The key to the program's success is the commitment by neighborhood residents who devote a considerable amount of time each year to help clean these vacant lots," said Director Gillis.

Other programs employed by the city to clean vacant lots are:

The Real Property Department's Vacant Lot Maintenance Program — hires contractors to remove large bulk and perform large-scale cleanups of vacant lots. Real Property has contracted for 1,020 vacant lot cleanups so far this year.

The Pickin' Up the Neighborhood — is administered by the Mayor's Office of Neighborhood Services and Public Works Department, which supply neighborhood groups with tools and other necessary equipment and arranges for debris to be picked up and hauled away. Neighborhood Services is now scheduling summer and fall cleanups. During the 1988 season, more than 1,300 tons of debris were removed during 105 events with the help of more than 5,400 volunteers.

The Inspectional Services Department's Vacant Lot Maintenance Program — incorporates a tax title unit which searches for the owners of private vacant lots and cites them for improper maintenance. Inspectional Services has been able to get private-lot owners to clean 450 lots this year.

The Community Release Program — uses supervised inmates from Deer Island to clean lots throughout the city. The program cleaned 140 lots this fiscal year.

To report a vacant lot that needs to be cleaned, call 725-4500.

WATER AND SEWER COMMISSION CONSERVATION ACTIVITIES

The Boston Water and Sewer Commission has significantly reduced water consumption in the City of Boston by continually maintaining and upgrading our water system. Its leak detection and repair program has become a model for other cities. The Commission has:

- Reduced water consumption from an average daily use of 150 million gallons in 1976, to a current use of 114 million gallons per day, at the same time that Boston was experiencing a major increase in building activity.

- Surveyed the entire 1,200 mile water distribution system in 1988, locating approximately 1,034 underground leaks. As of May 1, 1989, all of these leaks have been repaired.

- Initiated intensive district measurement surveys in sections of Dorchester to determine patterns of consumption to further reduce water waste.

- Undertaken an additional leak survey of 700 miles of pipe for 1989 to continue upgrading the water system.

- Initiated a valve upgrade program to aid in leak surveys. Of the water system's 16,000 valves, preventive maintenance was performed on 4,000 in 1988. An additional 2,800 are scheduled for 1989.

- Tested 115 industrial meters in 1988 to ensure accuracy, with 150 more to be tested in 1989. This program allows building owners to more closely monitor usage and conservation efforts.

- Replaced 5,000 meters in 1988, with remote reading devices, with 8,000 scheduled to be replaced in 1989. Homeowners can more accurately monitor their conservation efforts.

- Initiated an increasing block rate structure to encourage conservation, one of the first cities in Massachusetts to do so.

(Continued on next page)

Conservation Activities . . .

(Continued from previous page)

- Increased from 11 to 17 miles per year, the number of miles of pipes for rehabilitation. This reduces leaks and breaks in the system.

- Cooperated with the Massachusetts Water Resources Authority in establishing a demonstration residential retrofit project in West Roxbury, Roslindale, Hyde Park, Mattapan, and Dorchester. Water-saving devices were installed in homes.

- Increased public awareness of the Commission's water conservation activities and the role of individual conservation efforts by meeting with community groups and neighborhood schools.

- Developed and submitted to the Department of Environmental Quality Engineering an aggressive plan to further achieve immediate water conservation during the water supply emergency. This plan includes many of the points discussed on this fact sheet as well as the following:

- increasing our leak detection and repair program;

- expanding our public information program to encourage voluntary water conservation by our customers;

- working with the MDC, Boston's Parks and Recreation Department and other city agencies to reduce their water consumption;

- increasing our programs with industries in order to support their water conservation efforts.

COMMERCIAL WASTE RECYCLING STUDY COMPLETED

Greater Boston Chamber of Commerce Undertakes Paper Recycling Effort.

An eighteen-month study on the feasibility of recycling commercial waste in Boston concludes that approximately 20 percent of such waste is recyclable and could save local businesses money through lower disposal fees and the sale of recyclable quality paper.

The final results of the study were formally presented May 23 to the study's three sponsors — the City of Boston, the Massachusetts Department of Environmental Quality Engineering, and the Greater Boston Chamber of Commerce. Mayor Raymond Flynn, Chamber Chairman William Connell, and DEQE Commissioner Daniel Greenbaum accepted the report from the Study's Oversight Committee at an announcement ceremony in the Mayor's office. Also present were Chamber President James Sullivan, city officials, members of the Oversight Committee, local business leaders, facility managers, and environmentalists from Mass. PIRG, the Massachusetts Audubon Society, and the Conservation Law Foundation.

James Sullivan has advised that the Chamber, whose office is in the Federal Reserve Bank Building at 600 Atlantic Avenue, has begun its own office recycling program and is encouraging the organization's 3,000 members to follow suit.

The study's cost of \$40,000 was spread among the Chamber (\$20,000), the City (\$10,000) and the Commonwealth (\$10,000). The Oversight Committee, appointed by the Chamber, was co-chaired by Raymond Torto, Esq., of Coldwell Banker and Torto Wheaton Associates, and Neil Sullivan, the Mayor's Policy Director. The Committee included fifteen facility managers from local business and government offices. The Committee spent many hours over the eighteen months studying the feasibility of establishing and implementing a commercial waste recycling program in Boston.

The recent opening of the Hyde Park Paper Mill is a key component of local recycling efforts. The mill has the capability of recycling all the paper generated by Boston's major office towers and then producing high-quality printing and copying paper. The current market for recycling quality paper is \$60 to \$80 per ton.

Inquiries on the Chamber's office paper recycling program should be directed to the Chamber's recycling advisor, Matthew Costello, at 227-4500.

CITY EMPLOYEES TEAM UP FOR THE COMMUNITY

City employees Lee F. Jackson, City of Boston collector-treasurer; Robert T. Wathall, special assistant to the City of Boston's collector-treasurer; and Dr. Laval S. Wilson, superintendent of Boston Public Schools, have what it takes. Community-consciousness, Commitment, and Clout — the three Cs that will help raise big dollars to meet community needs. Most importantly, they care. They care about their employees, co-workers and their families; the homeless; teens in trouble; the neglected elderly; and other needy people in the community.

That was important to 1989 United Way General Campaign Chairman Peter E. Madden, president of State Street Bank and Trust Co., when he recently recruited them as three of his team players for the United Way of Massachusetts Bay Campaign Cabinet.

As members of the United Way of Massachusetts Bay Campaign Cabinet, Jackson, Wilson, and Wathall are already gearing up for the annual fall campaign and have begun recruiting volunteers, conducting meetings, and making plans to ensure a successful campaign to raise more than \$49 million for the community.

"The type of people assisting me in this year's fund-raising efforts are people who care about their community," said Madden. "People who can influence decisions. People who are willing to work hard and do a great job planning, recruiting, and motivating other leaders to help raise the most money possible for our community."

Wilson, who is heading up United Way's 1989 Education Division, said "Public Education very much depends on the spirit of volunteerism from classroom involvement on up. Volunteering for the United Way is my way of giving something back to a city and community that has done so much voluntarily for the Boston School System.

"In addition, many of our student and teachers benefit from United Way funded programs, such as those provided by YMCAs, scouts, and boys and girls clubs," said Wilson.

A recipient of several local community service awards, Wilson, in addition to volunteering for the United Way, contributes his time and skills to several community organizations including the Greater Boston Council, Boy Scouts of America.

Jackson, chairman of this year's City of Boston Employees Campaign (CC BEC), is representing COBEC on the United Way Campaign Cabinet. He said, "Everyone at some point in his or her career should think about playing an active role in getting to know the needs of their community, and getting to know the organizations that can fill those needs.

"A newcomer to Massachusetts, my role as COBEC chairman enables me to do just that. In addition, it's my way of making a personal contribution to the community in which I now live."

Wathall, COBEC associate chairman, said, "As special assistant to the City of Boston collector-treasurer, I'm very aware of the restraints tight budgets have placed on the state and city governments. We would like to fund many worthy health and human service agencies, but we simply just don't have the money to fund them all. So it's important that we do all we can personally to help charitable organizations fill the gaps. Donating one's time and money to these organizations is important."

The United Way of Massachusetts Bay helps serve the needs of nearly 1.4 million people through 209 health and human service agencies in eastern Massachusetts. This year's United Way annual campaign will kick off September 15 and will run through November 21 with Jackson, Wathall, Wilson

MBTA TO UPDATE ALL SYSTEM SIGNS

The MBTA will update system and informational signs at all subway stations under a new contract awarded General Manager Thomas P. Glynn said.

"An important step in our aim of making the T a "user-friendly" transit system means ensuring that each station is updated, readable and accurate signs to help direct visitors and riders to and from their destinations," Glynn said. "This contract will enable us to update the many signs throughout our subway system — and provide important information to passengers about the T."

The contract, awarded to Cummings, Inc., of Nashville, Tennessee, totals \$231,813; Cummings will deliver the signs within three months.

The contract calls for the manufacture of 1,033 signs to be placed in all Orange, Blue, Red and Green Line MBTA stations. The signs will be made of fiberglass and porcelain enamel on steel, which the T's research has shown is best for appearance, durability, ease of installation, and resistance to vandalism.

Cummings, Inc. has done sign work for the transit systems in Baltimore, Atlanta, Philadelphia, as well as for Raleigh-Durham Airport, among others. Six firms responded to the request for proposals which were issued last January.

EXTRAORDINARY STEP-RATE ADVANCE UNDER COMPENSATION PLAN FOR EMPLOYEES OF SUFFOLK COUNTY

PENAL INSTITUTIONS DEPARTMENT

Mr. Felix Arroyo,
Director of Personnel Management.

Dear Mr. Arroyo:
On May 15, 1989, Ms. Carol Marcus Stanton will be provisionally appointed to the position of Director of Social Services (RC-17) for the Penal Institutions Department.

Ms. Stanton will function as the Director of Personnel for the Penal Institutions Department. In this position Ms. Stanton will establish and supervise a Personnel Department in the Penal Institutions Department. Ms. Stanton will ensure that all City of Boston and Penal Institutions Department personnel policies and procedures are followed and adhered to by Penal Institutions Department staff. Ms. Stanton will initially screen all applicants

for positions with the Penal Institutions Department; and, she will ensure that all interviews are conducted according to City of Boston and Penal Institutions Department policies and procedures. Ms. Stanton will supervise the Penal Institutions Department's payroll operation. Ms. Stanton will be the Penal Institutions Department's liaison with the City of Boston's Personnel Department. Ms. Stanton will be responsible for supervising the Penal Institutions Department's managing attendance program; and, she will also work with the City of Boston's Employee Assistance Program to ensure that employees of the Penal Institutions Department are fully aware of the existence of this most important program. Ms. Stanton will also work with the City of Boston's Personnel Department to review the existing classification and compensation schedule. This task is vital; and it is essential that it be completed well in advance of the opening of the new Suffolk County House of Correction in 1991.

Ms. Stanton is uniquely qualified for her position in the Penal Institutions Department. Ms. Stanton has been employed by the City of Boston's Commission on Affairs of the Elderly since 1975; and since 1983, Ms. Stanton has been the Commission's Deputy Director for Personnel, Employment, and Volunteers. I am confident that the professional experience Ms. Stanton has had in her fourteen years of public service will enable her to make a significant contribution to the Penal Institutions Department's efforts to improve the overall operation of the Suffolk County House of Correction at Deer Island and make a smooth transition to the new Suffolk County House of Correction in 1991.

Ms. Stanton has a Bachelor of Arts Degree from Fairleigh Dickinson University; and, she has a Masters of Public Administration degree from Suffolk University. Ms. Stanton is also active in numerous professional organizations.

Because of Ms. Stanton's extensive experience in the personnel field and her education and training coupled with her demonstrated expertise, it is respectfully requested that her second, third, fourth, fifth, sixth and seventh year increments in the position of Director of Social Services be determined under Rule 15 (f) of the Classification and Compensation Plan for officers and employees of Suffolk County, effective May 15, 1989.

Sincerely,
ROBERT G. WALSH, JR.,

Chaplaincy Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Rev. Frances S. Burroughs, 151 Hallet Street, Dorchester, for the period July 1, 1989, through June 30, 1990, at a cost not to exceed \$6,706.

Under this contract, Rev. Burroughs will provide pastoral counseling and liturgical services related to the needs of Protestant patients at Long Island Hospital. Services are to be provided sixteen hours per week at a cost of \$8 per hour for a total of \$128 per week. One special Holyday service will be provided during the year at a cost of \$50 per service. In addition, Mr. Burroughs will be on call for emergency visits.

Fiscal year 1989 was the first year an unadvertised contract was awarded to Rev. Burroughs in the amount of \$6,706. In the past, an unadvertised contract was awarded to Rev. Welch in the amount of \$2,738 (February 1, 1988, through June 30, 1988). Rev. Welch has supplied chaplaincy services to patients at Long Island Hospital since July of 1987 on a service order. Rev. Welch replaced Rev. Vautier who supplied chaplaincy services to Long Island Hospital in FY'86 and Mattapan for several years. Rev. Vautier was awarded unadvertised contracts in the following amounts: 1987 — \$13,512 (Mattapan and Long Island Hospitals); 1986 — \$6,440 (Mattapan Hospital, July — June; Long Island Hospital, January — June).

Because of the special fitness of Rev. Burroughs to provide these services, because of the professional nature of the services to be rendered, and as the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

Judith Kurland,
Commissioner.

Repair Fiberoptic Scopes, etc.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Olympus Corporation of America, New York, for the period July 1, 1989, through June 30, 1990, at a cost not exceed \$18,746.

Under this contract, Olympus Corporation will supply, as needed, repair services for all Olympus fiberoptic scopes and related technology within the Department of Health and Hospitals. The vendor will also advise the Biomedical Engineering Department on proper preventive maintenance techniques, and will provide parts as needed. Whenever possible, loaner equipment will be made available.

Olympus Corporation has provided high quality repair services in the past. Olympus Corporation has been awarded unadvertised contracts for the last three fiscal years in the following amounts:

1989 \$18,746; 1988 — \$17,870; 1987 — \$17,485.

Therefore, because Olympus Corporation is the manufacturer of the equipment, is the only vendor that can supply appropriate and timely service, and has technicians trained specifically for repairing the equipment, at a cost I consider to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

Judith Kurland,
Commissioner.

Counseling

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Society of Jesus of New England, 761 Harrison Avenue, for the period July 1, 1989, through June 30, 1990, at a cost not to exceed \$18,742.

Under this contract, Society of Jesus of New England will provide pastoral counseling and liturgical services related to the needs of Catholic patients at Boston City Hospital. Services are to be provided fifty hours per week at a cost of \$7.43 per hour. Twenty hours will be in-house on a daily scheduled basis, and thirty hours will be on call throughout each week, evenings and weekends included, for emergency purposes.

Society of Jesus of New England has provided excellent services in the past, and has been awarded an unadvertised contract for the past three years in the following amounts: 1989 — \$17,850; 1988 — \$17,000; 1987 — \$17,000.

Because of the special fitness of Society of Jesus of New England to provide these services, because of the professional nature of the services to be rendered, and as the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

Judith Kurland,
Commissioner.

Centrifuges Servicing

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Beckman Instruments, Inc., New Jersey, for the period July 1, 1989, through June 30, 1990, at a cost not exceed \$2,760.

Under this contract, Beckman Instruments, Inc. will provide a total service agreement for the following instrumentation: Beckman Centrifuge TJ-6, S/N 2788 \$620; Beckman Centrifuge TJ-6, S/N 6922 \$620; Beckman Centrifuge TJ-6, S/N 13444 \$620; Beckman Centrifuge J6B, S/N 325 \$900.

Beckman Instruments, Inc. was awarded an unadvertised contract for the past two fiscal years in the following amounts: 1989 — \$2,760; 1988 — \$2,595. In 1987, a contract was awarded, as a result of public bid, to Diagnostic Equipment Service Corporation for service of three centrifuges in the amount of \$1,200. However, the quality of service provided by this vendor was not adequate to meet the needs of the department.

Therefore, because Beckman Instruments, Inc., is the manufacturer and has personnel specifically trained to maintain and repair the above equipment at a cost I consider to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

Judith Kurland,
Commissioner.

Radiation Monitoring Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Tech Ops Landauer, Inc., Illinois, for the period July 1, 1989, through June 30, 1990, at a cost not exceed \$4,000.

Under this contract, Tech/Ops Landauer, Inc. will provide monthly radiation monitoring service including film badges and radiation reports, for more than 200 employees subject to radiation. State and federal law requires exposures data on all individual exposed to ionizing.

Tech/Ops Landauer, Inc. was awarded unadvertised contracts for the past three fiscal years in the following amounts: 1989 — \$3,000; 1988 — \$3,000; 1987 — \$3,000.

Therefore, because Tech/Ops Landauer, Inc. has a data base file with all the previous data on each of the employees maintained in accordance with Title 10 Code of Federal Regulations 19.1; and because the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

Judith Kurland,
Commissioner.

Wheelchairs, Litters Maintenance

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to extend for one year, the city's contract with West Medical Inc. Waltham, to provide cleaning, maintenance and repairing of wheelchairs for Boston City Hospital for the period July 1, 1989, through June 30, 1990 at a cost not to exceed \$10,000.

Under this contract, the city has the option to renew this contract through June 30, 1990 at the same, or more favorable, terms to the city.

Therefore, inasmuch as the contract is being extended on the same basis and same price, and West Medical, Inc., who was awarded the original contract pursuant to public bidding, has provided satisfactory service and as the price is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

Judith Kurland,
Commissioner.

MANAGEMENT INFORMATION SYSTEMS

Telecommunications Consulting

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Systems Engineering Inc., a corporation, located at Waltham.

Under the terms of this contract, this company will provide telecommunications consulting services for the update and implementation of previous work done for the city in the "Telecommunications Strategic overview," prepared on June 18, 1985, by Systems Engineering, Inc. Compensation under this contract shall not exceed \$80,000, which I have determined to be reasonable, and shall be charged to appropriation code 011-140-0149-MI05-0290. This contract is for the period of July 1, 1988, through June 30, 1989.

Because of the professional nature of the services to be performed as well as the progress made

in this ongoing project during the last three fiscal years (\$8-\$240,000, \$87-\$140,000; \$86-\$125,000); I believe that public advertising would serve no useful purpose. This project is ongoing and there is no other vendor making the progress that has been made.

This contract is late due to the decision process necessary in determining the scope of work to be performed by this company in this fiscal year.

Sincerely,

Allan K. Stern,
Director.

LGFS Plus Maintenance

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to American Management Systems, Inc., a corporation, located at Virginia, for the maintenance of an integrated financial management and accounting system known as LGFS Plus.

On October 3, 1985, your Honor approved the award of a contract to AMS (No. 2832-86). Under the terms of the contract, the contractor provided us with their proprietary integrated software package, including installation, user training, data processing training systems documentation and flow charts, user manuals and over 5,000 hours of city-wide implementation assistance.

Compensation under this contract shall not exceed \$33,000 which I have determined reasonable for the work to be performed and it shall be charged to appropriation code 011-140-0149-MI02-0270. The terms of this contract shall be from July 1, 1988, through June 30, 1989.

AMS's support includes a hot-line which answers user and technical questions. It also includes approximately one new release of the LGFS package a year. Each new release includes many enhancements to the package. The city must maintain the support agreement in order for Auditing Department personnel to participate in the activities of the LGFS users' group. Among these activities are an annual national users' conference and regional conferences held several times a year.

Because this contract is for maintenance service on a copyrighted proprietary software product on which we are prohibited from disclosing the computer operating code to any third party by the license agreement, no useful purpose could be served by public advertising. A copy of the executed license agreement is enclosed.

This contract is late due to an oversight within the Administrative Division of this department whereas in attempting to properly issue the renewal of all contracts this was inadvertently set aside.

Sincerely,

Allan K. Stern,
Director.

PUBLIC FACILITIES DEPARTMENT

Design Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on February 10, 1989, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Primary Group, a Massachusetts General Partnership, with offices at 75 Kneeland Street, providing design services for improvements to eight branch libraries including: Charlestown, Fields Corner, Jamaica Plain, Lower Mills, Orient Heights, Parker Hill, South End, and Grove Hall. The scope of work will include preliminary drawings, design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$128,500 (including \$37,500 for supplementary services) which is a fixed fee of 14 percent based on an estimated cost of construction of \$650,000 which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for 140 weeks from the date of execution.

Following the advertisement of this project in the *Boston Globe* on October 10, 1988, and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c.7, s. 38A 1/2 et seq. The Committee evaluated twelve proposals submitted by the applicants and determined Primary Group most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalist, in order of rank, was as follows:

Primary Group, 75 Kneeland St., 13; Bay State Design Assoc., 266 Summer Street, 15; Cameron Roberts Architects, 11 Beacon Street, 17.

I believe Primary Group is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,

Lisa G. Chapnick,
Director.

Emergency Asbestos Removal, etc.

Dear Mayor Flynn:

On December 30, 1988 the Public Facilities Department was informed that a hazardous situation exists at 154 Berkeley Street. Exposed asbestos

containing materials has been damaged. This causes a threat to the life and safety of the users of this building. The Department of Health and Hospitals recommend the immediate removal of this dangerous carcinogen.

We requested and received approval from the Division of Capital Planning and Operations to dispense with public advertising and immediately rectify this dangerous situation. We invited three contractors, normally engaged in this type of service, to view the site. Kelly & Stewart Environmental was the lowest eligible and responsible bid on this project.

The delay in requesting this award is due to the lack of immediate funding for this project. Therefore, in accordance with Massachusetts General Laws chapter 149, section 44A, I request your Honor's written approval to award a contract to Kelly & Stewart Environmental of East Boston, for a sum not to exceed \$76,290.

Sincerely,

Lisa G. Chapnick,
Director.

JOBS AND COMMUNITY SERVICES

ESL Instruction

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Chinese American Civic Association (CACA), a nonprofit corporation, located at 90 Tyler Street. Under the terms of the contract, the contractor will provide English as a Second Language instruction and counseling services to health care employees of the South Cove Manor

Nursing Home, located at 120 Shawmut Avenue. The program is designed to improve the literacy skills of the employees to perform their jobs more effectively and to prepare for the nursing licensing examination.

The Mayor's Office of Jobs and Community Services was asked by the Executive Office of Economic Affairs/Office of Training and Employment, now the Commonwealth of Massachusetts/Department of Employment and Training, to administer its Workplace Education Grant. This project represents a joint collaboration by the Executive Office of Labor, Commonwealth of Massachusetts/Department of Education and the Commonwealth Literacy Campaign. The contractor was selected based upon its proposal in the areas of administrative capability, the ability to provide the services needed, and the ability to serve the targeted population.

Compensation under the terms of this contract shall not exceed \$45,000, payment being provided to the City of Boston by a Federal Workplace Literacy Partnership grant through the Department of Education. The period of performance shall be December 1, 1988, until December 31, 1989. The submission of this letter has been delayed due to late notification of funding availability from DOE. This notification was not received at JCS until the first week of March. In addition, this request has been further delayed due to the time involved in contract and budget negotiations with the contractor.

As this is a negotiated contract at a reasonable cost, mandated by the State agency responsible for funding this program, I believe that further advertising would serve no useful purpose.

Sincerely,

Theodore C. Landsmark,
Director.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

FIRE DEPARTMENT

Physical Examinations of Candidates

Dear Mr. Mayor:

On August 9, 1988, your Honor approved the award of a contract with public advertising for bids to: Health Resources of Woburn, for physicals and examinations of candidates for the position of fire fighter during the period of August 15, 1988, through June 30, 1989, at a cost not to exceed \$27,900.

Your approval is requested to amend this contract to provide for additional physicals and examinations of candidates for the position of fire fighters to be appointed this fiscal year. The cost of the amendment which is effective on April 6, 1989, shall not exceed \$20,000, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$47,900. This funding will be charged against appropriation 011 221 0221 0290 BFD 1. The period of this contract shall be the same, August 15, 1988, to June 30, 1989.

Because of the professional nature of the service to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Leo D. Stapleton,
Commissioner/Chief.

HEALTH AND HOSPITALS DEPARTMENT

Temporary Nursing Personnel

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your honor's permission to amend the contract with Favorite Nurses, 333 Washington Street, for providing temporary nursing personnel services to the Department of Health and Hospitals for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$200,000.

This amendment will increase the contract by \$920,000, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$1,120,000.

Because of the shortage of nurses Boston City Hospital has been unable to recruit enough nurses to staff the wards. Therefore, the hospital has had to increase the services provided by temporary nursing agencies.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,
Judith Kurland,
Commissioner.

In view of the above, and because the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,
Judith Kurland,
Commissioner.

PARKS AND RECREATION

Maintenance Management Systems

Dear Mr. Mayor:

On December 27, 1988, your Honor approved an award of a contract based on public advertising for bids to Robert Amaral and Assoc., Medfield, implementing an automated maintenance management systems during the period December 15, 1988, through June 30, 1989, at a cost not to exceed \$20,000.

In order to ensure the smooth implementation of the automated maintenance system, an additional work plan is required to successfully complete the project. The additional services to be provided by the contractor are to develop an operational schedule, gather and enter inventory data, finalize activities, maintenance priorities, initial crew hour standards and maintenance frequency standards, generate system reports, and build system tables. Because the need for these additional services is requested, the money allotted will have to be increased before completion of the scheduled and necessary services are made. Therefore, your approval is requested to amend this contract to provide optional implementation costs that list thirteen tasks which must be accomplished to successfully complete a pilot implementation project.

The cost of this amendment which is effective on April 17, 1989, shall not exceed \$5,000, a sum which I have determined to be reasonable. The contract as amended shall not exceed \$25,000.

Because time is a critical factor, and because the contractor has performed satisfactorily, it is my judgment that the amendment proposed is in the best interest of the city, and that public advertising would serve no useful purpose.

Very truly yours,
Lawrence A. Dwyer,
Commissioner.

Electrical Engineering, etc.

Dear Mr. Mayor:

On November 3, 1988, your Honor approved an award of a contract, without public advertising, for bids, to Lawrence D. Laven, West Newton, for providing professional electrical engineering and field services to the Park and Recreation Department, during the period October 24, 1988, through June 30, 1989, at a cost not to exceed \$10,000. Pursuant to the authority delegated to

The above contract is for an as-needed basis. His current contract has been expended on various projects and maintenance requirements from trouble shooting and repairs in electrical matters, and therefore the demand for the contracted services has been much higher than anticipated, the money

allotted will have to be increased before completion of the scheduled and necessary services are made. Therefore, your approval is requested to amend this contract to provide funds for needed electrical repairs. Payment for work performed will be at the original contract unit prices.

The cost of this amendment which is effective on May 1, 1989, shall not exceed \$2,000, a sum which I have determined to be reasonable. The contract as amended shall not exceed \$12,000. This funding will be charged against appropriation 011-300-0311-0290-PK05.

Because time is a critical factor, and because the contractor has performed satisfactorily, it is my judgment that the amendment proposed is in the best interest of the city, and that public advertising would serve no useful purpose.

Very truly yours,
Lawrence A. Dwyer,
Commissioner.

PUBLIC FACILITIES DEPARTMENT

Urban Design Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on February 10, 1989, I respectfully request your Honor's written permission to dispense with public advertisement and amend a contract approved by your Honor on September 3, 1987, to the Halvorson Company for the purpose of urban design services in support of neighborhood development, specifically the Hernandez School Park. The contract period of performance is from August 1, 1987, to June 30, 1989, at a cost not to exceed \$10,000.

Your approval is requested to amend this contract to provide for a dramatic increase in the scope of work necessitating numerous design and construction document changes, additional community and in-house meetings and additional construction supervision. These changes are in response to community, school, funding programs and safety demands. Some of the design and construction document changes include: amphitheater, lighting, grading plan, drainage system, plant materials list, fence/bench/paving pattern details.

The cost of this amendment shall not exceed \$20,000, which I have determined to be reasonable. The Halvorson Company's design fees are in line with Public Facilities standards, and represent a small percentage of the overall project cost. The original construction estimate for the project was \$280,000. The present cost is \$560,000. The project is also funded by the Browne Fund, Henderson Foundation, community fund raising and others.

The contract, as amended, shall not exceed \$30,000. The period of performance shall remain the same. The submission of this request has been delayed due to design changes, construction rebids, and continued fund-raising to make the project possible.

The Halvorson Company is best qualified to complete the work with two years experience with this project and with the neighborhood. They have been extremely cooperative and adaptable to the many alterations to this project.

Because of the professional nature of the services to be provided, and the qualifications of the contractor, I believe that public advertising would serve no useful purpose in this instance.

Sincerely,
Lisa G. Chapnick,
Director.

HEALTH AND HOSPITALS

Appointments

Steven Nazario, emergency medical technician, \$496.26 a week.

Paul Garvey, principal clerk-typist, part time, \$8.51 an hour.

James Gray, principal clerk-typist, part time, \$8.51 an hour.

Loures Lopez, administrative assistant, \$441.18 a week.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with Americare Health Services, Inc., Cambridge, for providing temporary nursing personnel services to the Department of Health and Hospitals for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$55,000.

This amendment will increase the contract by \$5,000, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$60,000.

These additional funds are necessary to cover expenses incurred at Long Island Hospital. The increase is a result of a 28 percent increase in agency rates, and the continuing nursing vacancy rate at Long Island Hospital.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of this amendment.

Very truly yours,
Judith Kurland,
Commissioner.

EKG, Monitoring, etc.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with Bay State Anesthesia, Inc., North Andover, to furnish EKG and Fetal Monitoring Electrodes, Paper and Supplies, to the Department of Health and Hospitals for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$16,400.

This amendment will increase the contract by \$5,000, thereby increasing the city's total liability under this contract to an amount not to exceed \$21,400.

The contract was awarded to Bay State Anesthesia, Inc. as the lowest acceptable bidder for these items which appeared in bid Proposal No. 816. It is now apparent that the volumes requested in the bid are not sufficient due to an increase in the number of births and cardiac patients.

WATER SHORTAGE EMERGENCY DECLARED

Boston residents are permitted to water their lawns or gardens between the hours of 8 p.m. and 8 a.m., according to regulations issued by the Massachusetts Department of Environmental Quality Engineering.

The department declared a water emergency in response to the continued low-water level of the Quabbin Reservoir, Boston's main source of water. Water conservation regulations are currently in effect and will last throughout the summer. These regulations restrict residential outdoor water use between the hours of 8 a.m. and 8 p.m.

Vegetable gardens are considered an agricultural use and may be watered between the hours of 7:30 p.m. and 10 a.m.

"We urge our customers to cut their outdoor water usage through such common sense measures as using a hose with a shutoff nozzle," said Amy Keith, water conservation coordinator, Boston Water and Sewer Commission.

"If you must use a sprinkler, place a coffee can in the area being watered and shut off the sprinkler when there is one inch of water in the can at the end of the week. That is all most lawns and gardens need every week to remain healthy," said Keith.

Newly planted shrubs may be watered anytime on the day they are planted. After that, restricted hours apply.

People may wash their cars at home between 8 p.m. and 8 a.m. The Boston Water and Sewer Commission recommends using a bucket and garden hose with a shut-off nozzle, and discourages hosing off driveways and any other non-essential water use. "You can wash your car

at a commercial car wash anytime during the day," said Keith.

The Boston Water and Sewer Commission has been working closely with other city agencies to conserve water.

"There has been a major effort over the last several years to restore and revitalize neighborhood parks. The Commission and the Department of Parks and Recreation will be coordinating efforts to see that this investment is not compromised as a result of the water emergency," said Keith.

The Parks and Recreation Department will review day-to-day activities to identify and reduce non-essential uses of water. Public health and safety will be given priority at all times.

For more information on water conservation, Boston residents may call the Boston Water and Sewer Commission, Public Affairs Department, 330-9400, Monday through Friday, 8 a.m. to 5 p.m.

Pursuant to the Supplemental Minority/Women Participation section of this contract each bidder must give satisfactory assurance that at least 15 percent of his bid price shall be expended for minority business enterprise and at least 5 percent of his bid price shall be expended for women business enterprise.

Each bidder shall submit with the bid completed Minority/Women Business Utilization Form (M/WBU-F). The Minority and Women Business Utilization Form shall be completed and signed by the M/WBE and the bidder. Failure to submit a Minority and Women Business Utilization Form with the bid proposal will result in the rejection of the bid.

The City of Boston Minority/Women Business Directory lists all minority and women-owned businesses that have been certified as such by the City of Boston. A copy of this directory can be obtained from the Parks and Recreation Department Affirm-

ative Action Office, 1010 Massachusetts Avenue, telephone 725-4505 ext. 6110 or from the Mayor's Office of Jobs and Community Services Minority Business Office, 43 Hawkins Street, Boston, MA 02114. Telephone number 723-1400.

Bidders may exercise their own judgment in selecting the Minority/Women Business Enterprise to perform any portion of the work or to be a supplier of goods or services. In the event that the bidder selects a minority/or women business that is not included in the Minority/Women Business Directory provided by the Minority/Women Business Office, then a Certification Application completed by the non-certified business must be filed with the bid proposal. If the Minority/Women Business Enterprise is not eligible for certification, the dollar amounts obligated to a non-certified minority or women business will not count toward the contractor's minority/women business percentage requirement.

The workforce requirement (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Commissioner and in the sum of 100 percent of the contract price, as well as certain public liability and property damage insurance, will be required of the successful general contractor.

The Commissioner reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

Prospective bidders are requested to attend a prebid conference in the office of the Chief Engineer, 1010 Massachusetts Avenue, Roxbury, MA 02118, on Tuesday, June 13, 1989, at 10 a.m. Boston time.

CONSUMER HANDBOOK FOR BOSTON'S SENIOR CITIZENS

Boston's senior citizens now have a new ally in their fight against consumer rip-offs, fraud, and unfair treatment, thanks to the Mayor's Office of Consumer Affairs and Licensing and the City's Elderly Affairs Commission, with help from the State Attorney General's office.

A newly printed, ninety-two-page "Senior Consumer's Handbook" will be unveiled as older residents from all parts of the City gather for the annual "Senior Center Day" at Boston City Hall Plaza, on June 23rd, at 10 a.m.

The new handbook is full of useful information, painstakingly gathered and assembled, that will help Boston's older citizens to help protect themselves and access services more quickly and easily. Topics and referral sources include: Home Improvement Contract Protection, Condo Conversion, Subsidized Housing, Nursing Homes, Generic Drug Savings, Health Insurance, Public Services, and Estate Planning/Funeral Arrangements — all areas of vital interest and concern for our older population, their families, care providers, and advocates.

Says Diane Modica, Commissioner of Consumer Affairs and Licensing: "Our new consumer book is most timely; elderly citizens are active consumers whose interests and protection are a vital part of Mayor Flynn's vision for the city. Most of the caseload in my office involves elder Bostonians who have questions or problems in the areas of landlord/tenant rights, automobile

purchase and repair, mail solicitations, and return policies of local businesses."

Diane Watson, Commissioner of Elderly Affairs adds:

"We at Elderly Affairs are excited about the new handbook for Boston's seniors. This project is clearly in line with the Flynn Administration's approach to empowering neighborhood residents — and our elderly citizens make up more than 20 percent of Boston's population. In addition to the services that the Elderly Affairs Commission already offers, the new Senior Consumer's Handbook will add a new dimension of protection and awareness of resources for our elders."

Mayor Raymond L. Flynn praised the Senior Consumer's Handbook as a "vital tool for Boston's elders in seeking specialized services or redressing grievances." The Mayor added: "The City has many agencies that offer a range of services. Now seniors have a current and complete directory to help them find the right agency. I am proud of this new initiative and look forward to its use by our elderly residents."

The Senior Consumer's Handbook is the result of months of work and planning and a unique partnership between the City's Consumer and Licensing Office and the Elderly Affairs Commission. The project was partially funded through a grant from the Office of the Massachusetts Attorney General James Shannon.

The City Printing Division has printed an initial run of 10,000 copies of the handbook. The books will be distributed to senior citizen groups, clubs, social service and government agencies dealing with elderly constituencies.

For more information, contact the City of Boston Commission on Affairs of the Elderly at 725-4366 or the Mayor's Commission on Consumer Affairs at 725-3320.

BOSTON'S BIG BAD WEEKEND

The Reverend Jesse Jackson walked with and spoke to thousands of people on Sunday, June 11, in a march and rally against drugs, sponsored by Boston Against Drugs, BAD officials announced.

The rally at City Hall Plaza, featured Mayor Raymond L. Flynn and Mrs. Lonise Bias, culminated a two-day series of events dubbed the Big BAD Weekend. The weekend was designed to bring the city together in a show of spirit against drugs and "to let people know that they are not alone, that the entire community is taking a stand for life," said Boston Against Drugs Chairman Patrick Purcell.

Sunday's march began at 2 p.m., at Copley Square, with the City Hall rally beginning about 3:30 p.m. The Big BAD Weekend began Saturday with a question and answer session between Boston Police Commissioner Francis "Mickey" Roache and a crowd of Boston youngsters. That was followed by a celebrity basketball game featuring former pro athletes and local celebrities. Red Auerbach and Tom Heinsohn have tentatively agreed to coach the teams. A special fundraising dinner to benefit BAD was held at the Westin Hotel on Saturday night. The featured speaker was Mrs. Lonise Bias, mother of Len Bias, the Celtics number one draft pick who died of a cocaine overdose.

Throughout the weekend, religious leaders in the city addressed the problems of drug abuse during their scheduled services.

"People in Boston and the business community working with Boston Against Drugs are here to help and to encourage our youth," said Mayor Flynn. "We are here to make a difference in their lives. Together, we invited the young people in our city to join in the activities sponsored by Boston Against Drugs — beginning with the Big BAD Weekend."

The BAD march began at 2 p.m., at Copley Square. Residents from throughout Boston's neighborhoods joined marchers from city and social

service agencies, youth groups and the city's businesses.

The marchers traveled along Boylston Street to Charles Street, then along Beacon Street to Tremont Street and onto the Plaza.

In addition to Rev. Jackson and Mrs. Bias, speakers included Mayor Flynn, Purcell, and students from Boston schools.

Culminating the rally was by leading the gathered crowd in a Declaration Against Drugs.

Pop recording star Martika, whose current hit recording "Toy Soldiers" is an anti-drug anthem, was the featured entertainer. She was joined by Boston-based band Malik, with special guest, Patricia Thomas.

The Big BAD Weekend officially began at 11 a.m., Saturday, June 10, with a "Rap with the Top Cop" at Faneuil Hall. Commissioner Roache, continuing a program that has toured schools around the city, answered questions from youngsters on any topic. WBZ-TV, Channel 4 anchorwoman Liz Walker was the host for that event.

At 3 p.m., at Don Bosco Technical High School on Tremont Street, such celebrities as Dana Barros, Ron Perry, Willie Maye, Tim Horgan, Jim Colony, Laval Wilson, Howie Carr, Norma Nathan, Mayor Flynn, and Commissioner Roache competed in a celebrity basketball game. Celtics Voice Johnny Most announced the play-by-play.

Boston Against Drugs is a partnership of city government, police, schools, neighborhoods and businesses formed to promote more education and awareness of the consequences of drug abuse and the benefits of being drug free. BAD is designed to complement existing prevention efforts by linking business with a Boston neighborhood to work there and help fight the problem.

The overall aim of BAD is to change existing attitudes so that drug use among pre-teens is not the norm.

To that end, BAD has three primary goals:

1. Increase citywide awareness of the impact of substance abuse;
2. Develop neighborhood-business partnerships to address local substance abuse issues; and
3. Alert the business community to the costs of chemical dependency in the workplace, and offer solutions which will reduce the impact.

BAD will continue striving to meet these goals and to expand involvement in the program to more of Boston's neighborhoods and businesses.

RAP WITH THE TOP COP

In cooperation with the Boston Police Department and WBZ-TV, Boston Against Drugs hosted "Rap with the Top Cop" Saturday, June 10, at 11 a.m., at Faneuil Hall.

This highly successful program, originally instituted by New England Telephone Company in the Dorchester community, allows kids to ask tough questions to our own "top cop," Commissioner Francis "Mickey" Roache.

Liz Walker, anchorwoman for WBZ-TV, acted as moderator at the event. Middle school students from throughout the city who are involved with the neighborhood community schools program were audience participants.

The Board of Merit, consisting of the Fire Commissioner and the Deputy Fire Chiefs, has considered all meritorious acts referred to it during the year 1988. After careful consideration and study, the Board submitted the following recommendations which are hereby approved by the Fire Commissioner:

1. Case of Fire Fighter James B. Lavey, Ladder Company 19.

On January 20, 1988, at 1950 hours, Incident 2579, District 6, Fire Fighter James B. Lavey, Ladder Company 19, who was off duty, was riding along Day Boulevard at the Carson Beach area when he observed an automobile which had struck and knocked down a cement light pole with the occupants of the vehicle still inside. Fire Fighter Lavey instructed the driver of his vehicle to stop. He ran back to the vehicle and observed two people inside, a man and a woman. The man was slumped over the steering wheel and the woman seemed to be in shock. The windows and doors of the vehicle were locked, preventing access. At this time an unidentified police officer arrived and, with his assistance, the driver's window was smashed out and the man was carried out onto the ground in front of the vehicle whereupon Fire Fighter Lavey immediately began CPR without any thought of protection for himself. He continued without relief until the arrival of Engine Company 39 and Ladder Company 18. Members of Ladder Company 18 immediately assisted with the inhalator and CPR. This continued until the arrival of the Boston City Hospital ambulance. The woman did not appear to be injured and was assisted by the police.

Because Fire Fighter James B. Lavey performed this act without thought to his personal safety and in doing so brought credit to himself and the department and the praise of the many spectators present, the Fire Commissioner commended him in General Order No. 8 of 1988.

The Board recommended that Fire Fighter James B. Lavey, Ladder Company 19, be awarded the Distinguished Service Award.

2. Case of Fire Lieutenant Charles M. Parillo, Ladder Company 14, Fire Fighter Richard F. Felton, Ladder Company 14.

At 0130 hours, January 17, 1988, Incident 2142, Box 5156 (two alarms) was struck for a fire at 194 Kelton Street, District 11.

Upon arrival, heavy fire was issuing from the third-floor apartment, whereupon the members of Ladder Company 14 were informed of two women who were trapped in the third-floor apartment that was involved with fire.

Fire Lieutenant Charles M. Parillo and Fire Fighter Richard F. Felton of Ladder Company 14 forced entry and ascended via the front stairway to the third-floor level. They encountered a man on the stairway who appeared confused. He informed them that a woman was inside the apartment. At this point in time, heavy fire and smoke were issuing from the apartment. Forced to crawl into the apartment, due to the intense heat and smoke, Fire Lieutenant Parillo and Fire Fighter Felton located an unconscious woman lying on the floor. With considerable effort, under conditions of heat so intense that they were unable to stand, Fire Lieutenant Parillo and Fire Fighter Felton dragged the woman from the apartment to the landing of the stairs where the woman was placed on the shoulders of Fire Lieutenant Parillo and carried to the street. Immediately after the rescue, flashover occurred, engulfing the entire room.

Because of the great personal risk involved in the rescue of the woman, who had suffered burns

over 40 percent of her body, and by their quick action, thus saving her life, the Fire Commissioner highly commended Fire Lieutenant Charles M. Parillo and Fire Fighter Richard F. Felton of Ladder Company 14 in General Order of No. 14 of 1988.

The Board recommended that the names of Fire Lieutenant Charles M. Parillo and Fire Fighter Richard F. Felton of Ladder Company 14 be placed on the Roll of Merit.

3. Case of Fire Fighter (Aide to District 12) Paul D. Hynes, Engine Company 53.

On February 26, 1988, at 1300 hours, Box 2621 (2 alarms) was struck for a building fire at 25 Stellman Road, District 12.

Upon arrival of District 12 and Engine Company 53, heavy fire was issuing from the first floor overlapping the second.

Upon notification by a civilian that a child was on the first floor, Fire Fighter (Aide to District Fire Chief) Paul D. Hynes, was ordered to conduct a search. Fire Fighter (Aide to District Fire Chief) Hynes entered via the front door, following Engine 53's line where members were in the process of knocking down the fire in the living and dining rooms.

Fire Fighter (Aide to District Fire Chief) Hynes entered a bedroom to the left and completely searched the room to no avail. He then located a door leading to a hall where he encountered intensive heat which forced him to crawl on hands and knees, locating an unconscious child and carried her to the street. Acting Lieutenant William Austin, Rescue Company 2, immediately performed CPR on the child who then was transported by Health and Hospitals to the Faulkner Hospital.

Because this rescue was accomplished during extreme heat, fire and smoke conditions, and performed at great personal risk and without regard for his personal safety, the Fire Commissioner highly commended Fire Fighter (Aide to District 12) Paul D. Hynes for his actions in General Order No. 16 of 1988.

The Board recommended that the name of Fire Fighter (Aide to District Fire Chief) Paul D. Hynes, District 12, be placed on the Roll of Merit.

4. Case of Fire Captain James M. Flaherty, Headquarters (Detailed to Ladder Company 23)

On January 17, 1988, Box 3336 (working fire) was struck for a fire at 1 Nottingham Street, District Seven. Upon the arrival of Engine Company 24 and Ladder Company 23, heavy fire was observed at the second-floor front of a 2-1/2-story dwelling. Members were notified by neighbors and police officers at the scene of their repeated attempts to effect the rescue of a four-year-old boy on the second floor.

Advancing to the top of the stairs leading to the second floor and upon receipt of water in Engine Company 24's line which stopped the further advance of heavy fire, Fire Captain James M. Flaherty, Headquarters (detailed to Ladder Company 23) made his way crawling to the rear of the apartment where he located and removed the four-year-old child to the street, administering mouth-to-mouth resuscitation enroute. Fire Captain Flaherty received burns to both thighs in effecting the rescue.

Because this act was performed under adverse conditions and at extreme personal risk, the Fire Commissioner highly commended Fire Captain James M. Flaherty, Headquarters (detailed to Ladder Company 23) in General Order No. 20 of 1988.

The Board recommended that Fire Captain James M. Flaherty, Headquarters (detailed to Ladder Company 23) be awarded the John E. Fitzgerald Medal for the Most Meritorious Act.

5. Case of Fire Fighter William D. Trojano, Ladder Company 11.

On January 23, 1988, at 2115 hours, Fire Fighter William D. Trojano of Ladder Company 11, was exiting his home in Savin Hill, Dorchester, when he observed a group of young adults in pursuit of three teenage boys. One of the youths fell to the ground and was jumped upon and beaten by the group.

Fire Fighter Trojano proceeded in pulling the men off the boy and led the bleeding youth into his home where he administered first aid. Moments later he heard screams outside his home and observed the victim's two friends pursuing the attackers with knives. Fire Fighter Trojano immediately ran out of the house, shouting for the boys to stop, when one of them turned on him with a knife, threatening to use it. Fire Fighter Trojano succeeded in removing the knife from the youngster. He then offered his home as a refuge until the arrival of police.

Because Fire Fighter William D. Trojano performed this act with complete disregard for his own safety and in doing so brought credit to himself and the department, and the praise of both the City Council and the neighborhood, the Fire Commissioner highly commended him for his actions in General Order No. 20 of 1988.

The Board recommended that Fire Fighter William D. Trojano, Ladder Company 11, be awarded the Distinguished Service Award.

6. Case of Superintendent Dennis B. Flynn, Maintenance Division.

On June 30, 1988, approximately 1215 hours, Superintendent of Maintenance Dennis B. Flynn observed from his office, an unknown male taking articles from a 1987 Ford Ranger in a parking lot adjacent to 911 Mass. Avenue, who then fled on Mass. Avenue in the direction of the Boston City Hospital.

Superintendent Flynn immediately chased and caught the suspect on Massachusetts Avenue. He subdued the suspect and held him to the ground until the arrival of Boston Police who had been summoned by Fire Fighter Joseph Connell. Superintendent Flynn suffered facial injuries during the struggle with the suspect and was taken to the Boston City Hospital for medical attention.

The property was returned to the owner by the Boston Police and the suspect was taken into custody at Area B. Superintendent Flynn was treated and released at Boston City Hospital and relieved from duty by the Department Medical Examiner for the injuries he sustained.

This act was performed with great effort and personal risk, without the benefit of knowing whether the suspect was armed or not, and before the arrival of the Boston Police. Because of his quick, aggressive actions, without regard for his own personal safety, reflecting great credit upon himself and the Boston Fire Department, the Fire Commissioner highly commended Superintendent of Maintenance Dennis B. Flynn for his actions in General Order No. 37 of 1988.

The Board recommended that Superintendent of Maintenance Dennis B. Flynn, Maintenance Division, be awarded the Distinguished Service Award.

7. Case of Fire Fighter (Inspector) Isaac R. Hendricks, Fire Prevention Division.

On July 9, 1988, at approximately 2050 hours, Fire Fighter (Inspector) Isaac R. Hendricks of the Fire Prevention Division heard a commotion outside his home. He observed two male teenagers leaving a side yard saying they had been stabbed. One was staggering and bleeding profusely.

Fire Fighter (Inspector) Hendricks immediately grabbed towels and ran outside to administer first

aid; his wife called 911 to summon help. Without regard for the dangers of infectious disease or attack from assailants who did not immediately flee the area, Fire Fighter (Inspector) Hendricks applied direct pressure to the severe wounds in an attempt to stop the hemorrhaging.

He was relieved by Engine Company 42 and Rescue Company 2. He did not have the benefit of rubber gloves and his hands were quickly soaked with the victim's blood and other bodily fluids.

This act was performed with great personal risk as he exposed himself to the possibilities of infectious disease and assault. Because of his quick, aggressive actions and without regard for his own personal safety in a life threatening situation, reflecting great credit upon himself and the Boston Fire Department, the Fire Commissioner highly commended Fire Fighter (Inspector) Isaac R. Hendricks, Fire Prevention Division, in General Order No. 42 of 1988.

The Board recommended that Fire Fighter (Inspector) Isaac R. Hendricks, Fire Prevention Division, be awarded the Distinguished Service Award.

8. Case of Fire Fighter Robert T. Lynch, Engine Company 17, Fire Fighter William G. Austin, Engine Company 17.

While on duty the night tour of July 14, 1988, Fire Fighters Robert T. Lynch and William G. Austin of Engine Company 17 observed three persons in the act of breaking into a motor vehicle on Parish Street opposite Engine 17 quarters.

Without hesitation both members approached the vehicle causing two of the persons to flee. Fire Fighters Lynch and Austin apprehended the third person as he attempted to flee after exiting the vehicle. They subdued the suspect and brought him to Engine 17 quarters until the arrival of Area C Police.

Because this act was performed with great personal risk and without regard for their own safety, reflecting credit on themselves and the department, the Fire Commissioner highly commended Fire Fighters Robert T. Lynch and William G. Austin of Engine Company 17 in General Order No. 49 of 1988.

The Board recommended that Fire Fighter Robert T. Lynch, Engine Company 17 and Fire Fighter William G. Austin, Engine Company 17, be awarded the Distinguished Service Award.

9. Award of Recognition — Fire Captain John McKenna, Headquarters Division.

Fire Captain John J. McKenna, Headquarters Division, in addition to his duties as a Fire Captain, has unselfishly given of his time and efforts to develop a Standard Operating Procedure (No. 55) which provides members with information in dealing with infectious and communicable diseases, a procedure which serves to allay the fears and concerns of members responding to fire and emergency incidents.

This procedure is also being used and adopted by other departments, nationwide, for it deals with a new hazard which fire fighters will be facing more and more in their daily duties.

This procedure will have a positive effect on the effectiveness and efficiency of the Boston Fire Department.

The Fire Commissioner, upon recommendation of the Board of Merit, hereby awards the Award of Recognition to Fire Captain John J. McKenna, Headquarters Division.

10. Award of Recognition: District Fire Chief Kevin P. MacCurtain, District 5; District Fire Chief Edmund G. Maiorana, District 5; Fire Lieutenant John F. Joyce, Rescue Company 1.

District Fire Chiefs Kevin P. MacCurtain and Edmund G. Maiorana, District 5, and Fire Lieutenant

John F. Joyce, Rescue Company 1, in addition to their regular duties, have unselfishly given their time and efforts to develop and implement a hazardous materials operating procedure which has enabled the Boston Fire Department to assume its role in the supervision of the Title III, Superfund Amendments and Reauthorization Act, as mandated by the City of Boston, the Commonwealth of Massachusetts and the Federal Government. This procedure has also been adopted by neighboring fire departments which allows for a continuity of services during a major hazardous materials incident.

The Fire Commissioner, upon recommendations of the Board of Merit, hereby awards the Award of Recognition to District Fire Chief Kevin P. MacCurtain, District 5, District Fire Chief Edmund G. Maiorana, District 5, and Fire Lieutenant John F. Joyce, Rescue Company 1.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

Business Machines, Printing Equipment, etc.

Dear Mr. Mayor:

For the past twelve Fiscal Years, 1978 through 1989, the award of several contracts has been approved, without advertising, for the lease or rental of previously installed office business machines, printing equipment, and mailing equipment (CC 650-99) for use by various city departments.

During Fiscal Year 1990, it will be necessary to continue to lease or rent this equipment.

All of the companies proposed for awards are responsible companies, and prices are reasonable for this type of equipment. Prices that they will charge the city during Fiscal Year 1990 will be no higher than their charges to the General Services Administration or the Commonwealth of Massachusetts, whichever is lower. Rentals generally will be made for purposes of evaluation by a department before it makes a purchase, or will be for a specific period of time for a specific purpose. If equipment is retained for a longer period of time than anticipated, conversion to outright purchase or lease/purchase of the equipment will be considered depending upon availability of appropriations.

Therefore, your Honor's permission is respectfully requested to award contracts, without advertising, for the twelve-month period July 1, 1989, through June 30, 1990, to the companies listed below for a total estimated amount of \$960,000, in individual estimated amounts not to exceed those which are indicated:

Xerox Corporation, 155 Federal Street, \$300,000; IBM Corporation, One Copley Place, \$110,000; Eastman Kodak Company, Wellesley, \$100,000; Savin Business Machines Corp., 1489 Soldiers Field Rd., \$100,000; Ricoh of America, Inc., New Jersey, \$100,000; Oce Business Systems, 470 Atlantic Ave., \$75,000.

Compugraphic Corporation, Wilmington, \$50,000; A-Copy, Westwood, \$50,000; Pitney Bowes, Inc., Waltham, \$25,000; Unisys Corp., Wellesley, \$25,000; Konica/Royal Copiers, 928 Commonwealth Ave., \$25,000.

Respectfully yours,

O. Tony Streeter, Jr.,
Purchasing Agent.

ASSESSING DEPARTMENT
Field Data Collection Services

Dear Mr. Mayor

In response to an advertisement in the *City Record* on February 6 and February 13, 1989, requesting proposals for the collection of characteristic field data for certain tax-exempt real property in the City of Boston, which proposals were opened and read on February 23, 1989, and in response to a further request for proposals dated March 20, 1989, which further refined the description of the scope of services required and which was sent to all original recipients of the original request for proposals, the following were opened and read on March 28, 1989:

Municipal Management Consultants, Inc., Chelmsford, \$224,100; R. M. Bradley & Co., Inc., 250 Boylston Street, \$223,828.

Four vendors expressed interest in and were supplied with the original request for proposals. However, only two above-referenced final bidders submitted proposals in response to the original request.

I have determined that it is in the best interests of the city to reject both advertised bids and to award the contract without further advertising to Municipal Management Consultants, Inc. (M.M.C.), Chelmsford. The reasons for this determination are as follows:

M.M.C. offers a higher percentage of qualified staffing than R.M. Bradley and at an earlier date. As a result, it best allows the department to timely receive collected data in a final acceptable form so as to be able to derive accurate and consistent determinations of fair cash value for the exempt properties encompassed by the contract in time for the FY90 real estate tax bill.

M.M.C. does not need to extensively hire staff to collect the property data because it already has a number of employees on its payroll who are capable of undertaking the work. R.M. Bradley's proposal calls for two periods of hiring activity so as to be able to hire a total of eleven inexperienced data collectors. In contract, M.M.C. proposed only one hiring period for a total of only three to four new collectors. Moreover, M.M.C. proposed assigning up to six experienced special property data collectors, while R.M. Bradley only proposed to assign two to three such individuals. The greater level of experience and the lesser need to hire new employees offered by M.M.C. permits the Assessing Department to undertake specialized training of M.M.C.'s employees at an earlier date than that called for in the proposal submitted by R.M. Bradley, which in turn allows for a significantly more rapid onset of actual collection activity.

M.M.C.'s proposal also calls for more timely periodic submissions of collected data for review by the department. The result is that the department will be able to more effectively conduct ongoing quality control insofar as it will be able to review the collected information and to receive any necessary revisions in a more prompt fashion.

Your permission is requested to award this contract to Municipal Management Consultants, Inc., Chelmsford, in an amount not to exceed \$224,100, believe such contract costs to be reasonable. The term of this contract shall be from April 14, 1989, through June 30, 1989.

M.M.C. has not had a contract with this department for the three previous fiscal years, FY88, FY87, and FY86.

This contract is being submitted late because of the unexpected time required for departmental review of the proposals, selection and approval of the vendor and the need to complete the requested work by June 30, 1989.

Sincerely,
Thaddeus J. Jankowski, Jr.,
Commissioner.

Engineering Maps Leasing

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Sanborn Map Service, a division of Elsevier Realty Information, Inc. New York, for the lease of special engineering maps to the Assessing Department.

These maps are one of the essential tools used by the assessor in determining characteristics of buildings in the city that are needed for the valuation process.

Under the terms of the contract, the contractor shall provide a set of fifteen 22" x 26" black and white maps which show building outlines, lot outlines, construction and other details of various buildings throughout the city. These maps are updated during the year by means of personal field surveys by the contractor.

The contractor is uniquely qualified to provide these services because it is the sole source of this type of map service.

Compensation under this contract shall not exceed \$3,765, which I have determined to be reasonable for the services to be provided.

The term of this contract shall be from July 1, 1989, through June 30, 1990.

Sanborn Map Service has had a contract with this department for the past three fiscal years, amounting to \$3,150 FY 87; \$3,315 FY 88; and \$3,480 for FY 89.

Because of the professional nature of the services to be provided, and because the contractor is the sole source of this type of map service, I believe that public advertising would serve no useful purpose.

Sincerely,
Thaddeus J. Jankowski, Jr.,
Commissioner.

**PROTECTING RATEPAYERS FROM
UNNECESSARY WATER AND SEWER COSTS**

Coun. KELLY, for all the Councillors, offered the following:

Whereas, Few constituent emergencies are as urgent to resolve as those which arise when a problem develops in a sewer line, causing raw sewerage to back up into one's basement; and

Whereas, In many cases when the problem is a result of a break or sag in the water and/or sewer line leading to and from a resident's basement, residents are often surprised when they are told they are responsible for repairing water and/or sewer pipes outside their property lines, running under public sidewalks and streets; and

Whereas, In all fairness, residents should not be held at fault when a sewerage line breaks or sags under a city street or sidewalk, since residents have no authority among other things to regulate heavy commercial vehicles traversing city streets, or the problems which might arise from independent contractors work on city sidewalks; and

Whereas, The cost of digging a street or sidewalk is over \$1,000, and this is a major financial burden on most households, particularly those on fixed incomes and elderly; and

Whereas, It is in the city's manifest interest to ensure that broken sewerage lines, particularly those under city sidewalks or streets, are fixed as quickly as possible to prevent raw sewerage from accumulating in the vicinity of the city's water supply conduits; and

Whereas, It is the sense of the City Council that the Water and Sewer Commission should assume financial responsibility for all water and sewer pipes outside a resident's property line, and that provided a resident first ensures that a water or sewer problem does not exist on his or her property, the Water and Sewer Commission should assume financial responsibility to correct all problems occurring under the city sidewalks or streets; be it therefore

Resolved, That the Boston City Council herein assembled this second day of November 1988, directs the City Clerk to immediately forward a copy of this resolution to the Commissioner of the Water and Sewer Commission for consideration at the earliest time possible, and that Commission regulations which make city residents responsible for digging and maintaining water and sewer pipes which run under public sidewalks and streets be changed to make that a responsibility of the Water and Sewer Commission.

On motion of Coun. Kelly, the rules were suspended; the resolution was adopted.

**ORDER RE RESIDENTIAL FACTOR AND
RESIDENTIAL EXEMPTION FOR FY 1989**

Coun. IANNELLA offered the following:

Whereas, The residents of Boston were in the forefront of the successful effort to amend our state Constitution to allow classification of properties for the purpose of taxation; and

Whereas, Since adoption of the Constitutional Amendment, this Council has established a policy of utilizing classification to tax residential properties at the lowest level permitted by statute; and

Whereas, This policy, and the Council's annual action to declare a residential exemption in the greatest amount permitted by the General Laws has resulted in substantial protection — and substantial savings — for both homeowners and tenants from the effects of revaluation; and

Whereas, Action in this regard for Fiscal Year 1989

must be taken prior to certification of the tax rate by the Department of Revenue; therefore, be it

Ordered, That pursuant to chapter 40, section 56 of the General Laws, the residential factor in the City of Boston for the Fiscal Year 1989 shall be the minimum residential factor as determined by the Commissioner of Revenue under section 1A of chapter 58 of the General Laws; and be it further

Ordered, That pursuant to chapter 59, section 5C of the General Laws, a residential exemption in the amount of value equal to 20 percent of the average assessed value of all Class One-Residential parcels in the City of Boston, be, and hereby is, approved for Fiscal Year 1989.

Referred to the Committee of the Whole.

**COMMITTEE TO MEMORIALIZE VETERANS TO
DEDICATE CERTAIN CORNER IN HYDE
PARK IN HONOR OF AIRMAN SECOND
CLASS FRANCIS M. GAY**

Coun. MENINO offered the following:

Whereas, Airman Second-Class Francis M. Gay served in the 8th Communications Squadron in the United States Air Force during the Korean War; and

Whereas, Airman Second-Class Francis M. Gay was stationed in Korea, reassigned to Japan, and was returning to Korea when his plane crashed; and

Whereas, Airman Second-Class Francis M. Gay was killed in the line of duty, while serving his country nobly; and

Whereas, Cecil W. Fogg Post No. 7, the American Legion wishes to honor this man; therefore be it

Ordered, That the Committee to Memorialize Veterans dedicate the corner of Danny Road and Reynold Road in Hyde Park a hero's square in honor of Airman Second-Class Francis M. Gay, and that this location be so marked.

Passed under suspension of the rules.

**COMMITTEE ON PLANNING AND DEVELOPMENT
TO CONTINUE ITS REVIEW OF BUDGETS
OF VARIOUS QUASI-INDEPENDENT
AGENCIES AND AUTHORITIES BY CONDUCTING
HEARING RE EDIC**

Coun. McCORMACK offered the following:

Ordered, That the Committee on Planning and Development continue its review of the budgets of the city's various quasi-independent agencies and authorities by conducting a public hearing concerning the Economic Development and Industrial Corporation. The Committee shall review the revenues, expenditures and assets of the Commission.

Referred to the Committee on Planning and Development.

**APPROPRIATE COUNCIL COMMITTEE TO HOLD
HEARING TO GET ANSWERS TO QUESTIONS
RAISED RECENTLY RE USE OF CHANNEL 22**

Coun. HENNIGAN CASEY offered the following:

Whereas, The City of Boston and Cablevision have signed a contract as to the use of Channel 22; and

Whereas, During negotiations between the city and cablevision, Channel 22 would provide public access and information to City of Boston residents; and

Whereas, Concerns have been raised as to the use of this channel regarding programming and public announcements; and

Whereas, Given that public information is of crucial importance; now, be it therefore

Ordered, That the appropriate Committee hold a meeting to get answers to the number of questions that have been raised recently regarding the use of Channel 22 and that the appropriate department heads be requested to attend.

Referred to the Committee of Government Operations.

EMERGENCY PREAMBLE

Coun. IANNELLA offered the following:

Whereas, The Friends of Post Office Square have begun a project that will be of great benefit to the citizens of Boston; and

Whereas, Some 58 square feet of city land lying beneath portions of Milk and Pearl Streets are required to facilitate this development; and,

Whereas, The vote to discontinue this area was taken by the Public Improvement Commission too late to allow the matter to be placed on the agenda for this meeting; and

Whereas, With the advent of cold weather, any delay in consideration of the order to convey this land would have a serious impact on the Post Office Square Project; therefore, be it

Resolved, That this emergency preamble be, and hereby is, adopted to the end that the rule be suspended and the message and order annexed be properly before the body.

The Emergency Preamble was adopted.

Rule 11 was suspended.

SALE OF APPROXIMATELY 58 SQUARE FEET OF BELOW-GRADE DISCONTINUED PORTIONS OF MILK STREET AND PEARL STREET SURROUNDING POST OFFICE SQUARE FOR \$350

The following was received:

City of Boston
Office of the Mayor

November 1, 1988.

To the City Council.

Dear Councillors:

I transmit for your consideration an order for the sale of approximately 58 square feet of below-grade discontinued portions of Milk Street and Pearl Street, surrounding Post Office Square, in the Boston Proper District of the City of Boston for the amount of \$350.

Post Office Square Redevelopment Corporation desires to purchase the discontinued area in conjunction with their construction of a grade-level park and below-grade parking garage in Post Office Square. This sale will enable the Corporation to proceed with development of this valuable project in the Post Office Square area of the City of Boston.

I recommend the adoption of the accompanying orders by your Honorable Body.

Respectfully,

Raymond L. Flynn,
Mayor of Boston.

City of Boston
Public Improvement Commission
Public Works Department

November 1, 1988.

Hon. Raymond L. Flynn

and Boston City Council.

Dear Mr. Mayor and Councillors:

In September of 1988, Post Office Square Redevelopment Corporation petitioned the Public Improvement Commission to discontinue below-grade portions of Milk Street and Pearl Street, Boston Proper District, Post Office Square, with an offer to purchase the city's interest in the discontinued area.

A duly advertised public hearing was held November 1, 1988, for the proposed discontinuance. All abutters, along with the petitioner, were notified of said hearing. Following public hearing, the Public Improvement Commission voted to discontinue said below-grade portions of Milk Street and Pearl Street, as shown on the accompanying plan, determining that the land lying within the discontinued area is no longer required for public purposes.

It is, therefore, recommended that a sale be made to the petitioner of the city's interest in the discontinued area.

Respectfully,

Joseph F. Casazza,
Public Improvement Commission.

Thence along said surface street line North 37° 28' 29" West 2.55 feet to the intersection of said Pearl Street surface and the surface line of Milk Street. A below-grade portion of Milk Street, beginning at a point on the southerly side of Milk Street located approximately 2.67 feet South 75° 54' 30" West of the intersection of the Milk Street surface line and the westerly Pearl Street subsurface line and extending along said Milk Street line South 75° 54' 30" West 9.02 feet to a point on said Milk Street surface line, thence southwesterly along a curve to the left of 63 feet radius 24 feet to a point on the Milk Street subsurface line, thence South 74° 03' 09" East 31.23 feet to the point of beginning, being approximately 51 square feet in area and extending below grade from elevation 17 feet and below.

Whereas, Post Office Square Redevelopment Corporation (the "Redeveloper"), a Massachusetts corporation formed for the purpose of undertaking an urban renewal project under the provisions of Massachusetts General Laws chapters 121A and 156, has proposed to construct a project (the "Project") consisting of a below-grade parking garage and grade-level park on a parcel of land in Post Office Square, Boston, bounded by Congress Street, Franklin Street, Pearl Street and Milk Street (the "Site"); and

Whereas, Pursuant to a Settlement Agreement entered into between the City of Boston and the Redeveloper, dated January 29, 1987, the Redeveloper instituted eminent domain proceedings under Massachusetts General Laws, chapter 80A and acquired all rights and interests of the city in the site by judgment of the Massachusetts Superior Court on February 24, 1987 (the "Taking"); and

Whereas, Under a petition dated as of November 1, 1988, the Redeveloper petitioned the Public Improvement Commission to discontinue below-grade portions of Milk Street and Pearl Street, Boston Proper District, comprising approximately 58 square feet, all as shown on a certain plan marked "City of Boston, Public Works Department, Engineering Division, Discontinuance Plan, Milk Street and Pearl Street (Boston Proper, Scale 1" = 49', Dated August 30, 1988, Gordon E. Barnes, Division Engineer", and as described in Exhibit A attached hereto (the "Discontinued Area"); and

Whereas, A duly authorized public hearing was held on November 1, 1988, for the proposed discontinuance, all abutters having been notified by certified mail of said hearing; and

Whereas, The Commission has determined that the below-grade property comprising 58 square feet and lying within the Discontinued Area owned in fee by the City of Boston is no longer required for public purposes, all such square feet of which the Redeveloper wishes to purchase, and further that said 58 square feet of Discontinued Area has a fair market value of \$350; and

Whereas, The city desires to convey and the Redeveloper desires to acquire all the city's rights and interests in the Discontinued Area; now, therefore, be it

Ordered, That the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver to the Redeveloper on behalf of the City of Boston, for consideration paid in the amount of \$350, a deed or other instrument in writing, conveying all of the City of Boston's right, title and interest in and to the 58 square feet of below-grade Discontinued Area and to take any other action he deems necessary to convey said Discontinued Area to the Redeveloper; and be it further

Ordered, That provided the Project is constructed substantially in accordance with the plans and specifications for the Project approved by the Boston Redevelopment Authority from time to time, any encroachments by the Project onto property owned by the City of Boston and located adjacent to the Discontinued Area which is conveyed to the Redeveloper herein, shall be allowed by the city as fully as if such encroachment area was included in the Discontinued Area and conveyed hereby.

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA
PRESIDENT, CITY COUNCIL

VOL. 81

MONDAY, JUNE 19, 1989

NO. 25

SOUTH BOSTON'S NEW DISTRICT 6 POLICE STATION

On June 10, Mayor Raymond L. Flynn, Police Commissioner Francis M. Roache and over 100 community residents celebrated the grand opening of the new South Boston Neighborhood Police Station.

The grand opening of the station was attended by many South Boston residents who protested the closing of the old station which was forced by Proposition 2 1/2 in 1981. This group, calling themselves the Public Safety Committee, took over the vacant station in protest. Community leader Helen Vaillancourt, who was elected Night Commander by the Committee, spent every night for three months sleeping in the old station in protest of the closing. Intense lobbying of the City Council and the State Legislature resulted in the station being reopened as a substation. The construction of the new District 6 full-service station is the fulfillment of Mayor Flynn's promise to the people of South Boston.

The station is commanded by Captain Thomas Crowley and is staffed by an auto theft investigator and eighty police officers. The \$3.8 million facility is part of the city's five-year, \$920-million Capital Plan. The station has eight cells, separate juvenile and female holding areas; a garage with a full-time mechanic, and ambulance bay to be staffed by EMS personnel, and a community room. The 14,000 square-foot station was designed by Andrea Leers of Leers Weinzapel Associates of South Boston and was built by Solimando Construction.

Mary Nee, Director of the City's Capital Planning Office, served as the master of ceremonies for the opening. The benediction was provided by Father Murphy. The opening of District 6, was the result of combined efforts by the Public Facilities Department, the Mayor's Office of Capital Planning, the Mayor's Office of Neighborhood Services, and the Boston Police Department.

MBTA, LECHMERE FORM PARTNERSHIP

Massachusetts Bay Transportation Authority (MBTA) General Manager Thomas P. Glynn joined Lechmere, Inc., Chief Executive Officer George Scala in announcing that Lechmere has given a grant to the T to assist in sprucing up the MBTA's Lechmere Green Line station in Cambridge.

Lechmere provided a \$15,000 grant to celebrate the opening of its new store in East Cambridge.

Glynn said, "Lechmere's generosity is a welcome act. In its own right was by helping to fix up Lechmere station, as well as an inspiration to others in the private sector who may follow their example of public-spirited involvement to improve customer service."

The MBTA is using the Lechmere grant to repaint the aging Green Line

and bus station, rehabilitate passenger waiting rooms, refinish benches, and install a new heating system.

Scala said, "Lechmere is pleased to work with the T to fix up the station for our customers and for residents throughout the area."

Lechmere station was built originally in 1912. It serves nearly 10,000 Green Line and bus passengers each week-day.

LEEN SCHOOL TO BE USED AS SPECIAL NEEDS HOUSING

The former Thomas Leen School, on Bailey Street in Dorchester, will soon be home for twelve mentally ill or mentally retarded individuals. The City of Boston's Public Facilities Commission has voted to designate Vinfen Corporation as developers for the site. Vinfen is a private, nonprofit agency providing community-based services to the mentally handicapped. Vinfen, headquartered in Allston, operates sixty-one residential facilities in Massachusetts and on the East Coast.

"Neighborhood residents have been very supportive of Vinfen's plan and we are deeply appreciative," said Lisa G. Chapnick, Director of the Public Facilities Department. "The strong community backing has enabled us to make a direct designation and to respond more quickly to the needs of this special population."

Vinfen has received a \$2.2 million grant from the U. S. Department of Housing and Urban Development to develop this and two additional sites for thirty-two individuals. The Leen School will house twelve, all with ties to the Dorchester area. They will live in individual bedrooms and share kitchen and dining facilities. Residents, who will be referred by the State's Department of Mental Health, will work at full-time jobs or be engaged in day programs. The house will be staffed by three permanent overnight employees.

"The living situation will be that of a family, supportive and nurturing," said Mildred Zanditon, real estate manager for Vinfen. "We will continue to keep the neighborhood apprised as the building gets closer to occupancy."

PFD and Vinfen will be holding more neighborhood meetings throughout the design and programming phases of the development.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising based on the following communications:

ASSESSING DEPARTMENT

Staff Training, etc.

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Jack Kardon, West Roxbury, for professional services to the Assessing Department.

Under the terms of the contract, the contractor shall provide advice on an ongoing basis and or

long-term decisions facing the department. In addition, the contractor will coordinate all interdepartmental requests for information from the Assessing Department. The contractor will also advise and assist in situations where taxpayers experience difficulty with the Assessing Department or procedures. Mr. Kardon will also assist in training new Assessing Information Center staff members.

The Assessing Information Center, is the first point of contact the property owner has with the City of Boston Assessing Department. The Assessing Information Center provides the property owner with the following information: valuations, abatements programs, clause exemptions and assessing practices.

Mr. Kardon is uniquely qualified to perform these services because of his seventeen years of experience with the City of Boston Assessing Department. As a former associate commissioner, the contractor has the expertise to quickly and accurately inform the taxpayer of the various programs the City of Boston has to offer. He also has many years of experience in real estate.

Compensation under this contract shall not exceed \$22,000, which I have determined to be reasonable. The contractor shall be paid at the rate of \$25 per hour.

The term of this contract shall be from July 1, 1989, through June 30, 1990.

The contractor has had a contract with this department for the previous three fiscal years, amounting to \$17,000 FY'87; and FY'88; and \$22,000 for FY'89.

Because of the professional nature of the services to be provided, and the expertise of the contractor, I believe that public advertising would serve no useful purpose.

Sincerely,
Thaddeus J. Jankowski, Jr.,
Commissioner.

HEALTH AND HOSPITALS DEPARTMENT

Monoclonal Assays

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without advertising, to the Mallory Pathology Associates, Inc., 784 Massachusetts Avenue, for the period July 1, 1989, through June 30, 1990, at a cost not to exceed \$150,000.

Under this contract, Mallory Associates will perform the following tests: T4 and T8 cell counts (also known as leu 1 and 4, and or Helper and Suppressor cells), Monoclonal subsets of the above as needed to provide additional information; T4 and T8 Ratio to include Pan T and Pan B quality assurance checks on all patients.

The unit cost for each monoclonal assay will be \$40.

Fiscal year 1989 is the first that a contract was awarded to Mallory Associates in the amount of \$120,000. Prior to that, these tests have been provided on contracts by Bioran Labs, Sidney Farber, Lahey Clinic and Deaconess Hospital. However, none of these vendors have been able to guarantee an adequate turnaround time or that the test would be done within a two-three-month period. The problem is one of competition for instrument time, delays in processing, unwillingness to accept AIDS patients' samples and high cost.

Mallory Associates is located on site, has agreed to give BCH clinical samples first priority and a hematopathologist will be available for consultation on each case as necessary.

In view of the above, and because the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
Judith Kurland,
Commissioner.

Patrol Protection Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to extend for one year, the city's contract with Superior Security Service, Inc., Cambridge, to provide guard and patrol protection services to Mattapan Hospital for the period July 1, 1989, through June 30, 1990, at a cost not to exceed \$226,380.

Under this contract, the city has the option to renew this contract through June 30, 1990, at the same, or more favorable, terms to the city.

Therefore, inasmuch as the contract is being extended on the same basis and same price, and Superior Security Service, Inc., who was awarded the original contract pursuant to public bidding, has provided satisfactory service and as the price is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
Judith Kurland,
Commissioner.

JOBES AND COMMUNITY SERVICES

Refugee Engineer Program

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Jewish Vocational Service, Inc., a nonprofit corporation, located at 105 Chauncy Street. Under the terms of the contract, the contractor, in collaboration with Northeastern University, an accredited Commonwealth of Massachusetts educational institution, with offices at 360 Huntington Avenue, will provide English as a Second Language instruction and counseling services to approximately twenty-five newly arrived Eastern European and Russian refugee engineers for placement into computer training programs provided by Northeastern University. The program is designated to update the computer knowledge of the newcomers and to assist them in obtaining employment.

The contractor was selected based upon an evaluation of its proposal submitted to the Mayor's Office of Jobs and Community in the areas of administrative capability, reasonableness of cost, and its ability to serve the targeted population. In addition, the contractor has provided excellent services to JCS over the past four years in providing services to newcomers.

Compensation under the terms of this contract shall not exceed \$20,000 payment being provided by the Executive Office of Communities and Development through the Gateway Cities Program. The period of performance shall be April 1, 1989, until June 30, 1989. The submission of this letter has been delayed due to the time involved in contract and budget negotiations.

As this is a negotiated contract at a reasonable cost, based upon an extensive proposal review, I believe that public advertising would serve no useful purpose.

Sincerely,
Theodore C. Landsmark,
Director.

LAW DEPARTMENT

Legal Services

Dear Mr. Mayor,
I respectfully request your permission to dispense with public advertising and to award a contract to Lawrence J. Ball, an attorney located at 50 Federal Street.

Under the terms of the contract, subject to the general supervision and direction of the Corporation Counsel, Mr. Ball will perform legal services in representing the Boston School Committee with respect to current contract negotiations with Superintendent Laval Wilson. This contract is necessary because of a potential conflict of interest which had prevented the School Department's General Counsel from representing the School Committee.

Mr. Ball possesses exceptional expertise and experience in municipal and labor law, and has represented the City on prior occasions in an outstanding manner. Pursuant to an order passed by the City Council on August 17, 1988, and approved by your Honor on September 6, 1988, I have designated Mr. Ball special outside counsel. The order classifies that position as a special municipal employee in accordance with G.L. c. 268A, the so-called "ethics law."

Compensation under this contract shall not exceed \$5,000 to be paid at the rate of \$100 per hour, which I have determined reasonable for the work to be performed. The term of this contract is February 15, 1989, to June 30, 1989.

Because of the professional nature of the services to be performed and Mr. Ball's special qualifications, it is my opinion that public advertising would serve no useful purpose.

This request is submitted late because the need for special representation for the School Committee was immediate and unanticipated.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

Investigative Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to John V. Sullivan, located at Dorchester, for investigative services.

Under the terms of the contract, John V. Sullivan will provide investigative services to the Workers' Compensation Service of the law Department, including but not limited to activities checks, surveillance, reviewing records, documenting evidence, submitting investigative reports and photographs, serving subpoenas, notarizing documents and related office duties as required. John V. Sullivan is uniquely qualified to do this work, because of his previous thirty-seven years of experience with the Workers' Compensation Service.

Compensation under this contract shall not exceed \$26,500 and the payments from appropriation code No 011-341-0341-0290 will be made at the rate of \$25 per hour, which I have determined to be reasonable for the work to be performed. The term of the contract shall be from July 1, 1989, to June 30, 1990. Mr. Sullivan has contracted with this office for the past three years as follows: 1986-87 (three months only) \$6,000; 1987-88 \$21,000; 1988-89 \$26,500.

In view of the nature of the service to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

LIBRARY DEPARTMENT

Books and Other Library Materials

Dear Mr. Mayor:

On behalf of the Boston Public Library of the City of Boston, I am respectfully requesting your approval to award a contract without advertising, to the Trustees of the Boston Public Library of the City of Boston, a corporation duly organized and existing under the laws of the Commonwealth of Massachusetts, (See St. 1878, c. 114), for the purchase of books and certain other library bibliographical acquisition materials for the period April 1, 1989, to June 30, 1989, at a cost not to exceed \$330,456.34.

The Trustees of the Boston Public Library will purchase books and other library materials for the Boston Public Library on the basis of offers submitted periodically by book publishers and dealers. The nature of the items to be purchased and the fluctuation in the prices thereof, as well as in the desired quantities thereof, do not lend themselves to public bidding.

Therefore, the library is requesting that a contract be established between the City of Boston Library Department and the Trustees of the Public Library of the City of Boston, Contractor in the amount of \$330,456.34. This amount is available from the State-Aid-to Libraries for 1989. The contract will allow the purchase of library books and materials from publishers and dealers that can supply the required titles and quantities. In the past, the library book purchasing operation involved over 3,000 individual book supply companies, and this supply network is still needed.

This contract has been discussed with the law Department and the City Auditor and has been agreed to as an acceptable approach to this unique purchasing situation.

The Trustees of the Boston Public Library will abide by the City of Boston contract procedures to the extent possible and this contract will have no effect on competition among book vendors.

In view of the circumstances outlined above, public advertising would serve no useful purpose.

With the award of this contract, the Trustees of the Boston Public Library will now be able to order books and library materials from the main supply source and the general public needs and interests will be served more efficiently.

Respectfully,

The Board of Trustees in Charge of the Library
Department of the City of Boston,

By Arthur Curley,
Director and Librarian.

POLICE DEPARTMENT

Lease of Premises

Dear Mayor Flynn:

I respectfully request your Honor's permission to dispense with public advertising and to approve a lease for 7,220 square feet of space on the first floor of 1010 Massachusetts Avenue, to be used by the Property Clerk of the Boston Police Department.

It was imperative that the Police Department lease this warehouse facility, as we were notified that our former space at Frontage Road would no longer be available. This site was selected after a search was made to find an appropriate facility that had adequate space for storage as well as a loading dock. This space is deemed both adequate and convenient for use by the Property Clerk and is centrally located within the city.

The lessor is 1010 Massachusetts Avenue Trust, Donald Stockhouse, Trustee. The property is managed by Boston Realty Advisors, Inc., 268 Summer Street. In July of 1987, the department entered into a ninety-six-month leasing agreement with 1010 Massachusetts Avenue Trust. The term of this contract is July 1, 1989, through June 30, 1995, subject to the availability of appropriation each fiscal year. The cost of the lease is \$4,813.33 per month with the total cost not to exceed \$57,759.96 annually, which I have determined to be reasonable. This funding will be charged against appropriation 011 211 0211 PD03 0490 with an initial encumbrance of \$4,813.33. 1010 Massachusetts Avenue Trust had contracted with this department for an annual sum of \$57,759.96 in FY'88 and FY'89. Due to our prior leasing obligation with 1010 Massachusetts Avenue Trust, it is submitted that public advertising would serve no useful purpose.

Respectfully,

Francis M. Roache,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT

Sign Making Services

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on April 13, 1989, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to L & C Flashing Barricades, Inc., a corporation, with offices at Canton. Under the terms of this contract, the contractor will provide sign making services for various divisions of the Public Facilities Department.

Compensation under this contract shall not exceed \$5,000, which I have determined to be reasonable for the services to be performed. The term of this contract shall be from July 1, 1989, to June 30, 1990.

L & C Flashing Barricades, Inc., the sole applicant, was selected based upon a thorough evaluation of their proposal submitted in response to a publicly advertised request for proposals in the *Boston Globe* and *City Record* on February 27, 1989. The contractor's rates are comparable or less than rates of the previous vendor. Furthermore, their listed experience shows that they are well qualified to provide the services.

As this is a negotiated contract at reasonable cost, based upon an extensive program and proposal review, I believe that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

Lisa G. Chapnick,
Director.

Repairs to Roof of Food Bank

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on February 23, 1989, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to the Boston Food Bank, a non-profit corporation, located at 70 Amory Street. Under the terms of this contract, the contractor will receive a Non-Profit Organization/Physical Improvement (NPO-PIP) Grant for the repairs or replacement of their distribution center roof.

Compensation under this contract shall not exceed \$50,000, which I have determined to be rea-

sonable for the services to be performed. The term of this contract shall be from May 1, 1989, to June 30, 1990. Funds for this contract shall come from those received under the Community Development Block Grant program.

The contractor was selected based upon an evaluation of the proposal submitted in response to a publicly advertised request for proposals conducted by the Public Facilities Department on December 1, 1986 in the *Boston Globe*. Selection for the NPO/PIP grant was based on a rating system which included criteria such as; level of matching funds, support letters, and feasibility of project. Furthermore, costs were determined to be reasonable after thorough analysis by Public Facilities Department Staff.

The submission of this request has been delayed due to the time involved in completing the contract documents.

As this is a negotiated contract at reasonable cost, based upon an extensive program and proposal review, I believe that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

Lisa G. Chapnick,
Director.

City Hospital Renovation Planning

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on January 26, 1989, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Dimeo Construction Company, Inc., a Rhode Island corporation, with offices at 45 School Street, providing professional services for preconstruction evaluations and recommendations for Boston City Hospital renovations. The scope of work will include a detailed cost estimate, value engineering, document review, scheduling, phasing and construction planning.

Compensation under this contract shall not exceed \$325,000, which is a negotiated fee based on hourly rates of \$115 per hour for principals; \$81 per hour for engineers; and \$32 per hour for clerks, which I have determined to be reasonable cost for the work to be performed. The term of this contract shall be for sixty weeks from the date of execution.

Following the advertisement of this project in the *Boston Globe* on June 27, 1988 and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by the Public Facilities Designer Selection Committee in accordance with MGL c.7, s. 38A 1/2 et seq. The Committee evaluated nine proposals submitted by the applicants and determined Dimeo Construction Company, Inc. most qualified and competent to complete said work. The numerical matrix rating for a firm reflects the combined score of each committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, was as follows:

Dimeo Construction Company, Inc., 1; Perini Corporation, 2; Gilbane Construction Company, 3. I believe Dimeo Construction Company, Inc., is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,

Lisa G. Chapnick,
Director.

Emergency Gasoline Cleanup

Dear Mayor Flynn,

On December 1, 1988, the Public Facilities Department was notified that there was gasoline leaking through the floor drains of the Area D police station at Warren Ave. and Berkeley Street. The Boston Fire Department ordered the immediate cleanup.

Clean Harbors, Inc., a contractor licensed to remove hazardous materials, responded to our emergency call and found sludge consisting of water mixed with gasoline coming up from the floor drain. They immediately took the necessary measures to correct the situation by cleaning up and properly disposing of the hazardous material.

Therefore, in accordance with Massachusetts General laws chapter 30, section 39M, I request your written approval to award a contract to Clean Harbors, Inc. of Braintree, for a sum not to exceed \$10,000.

Sincerely,

Lisa G. Chapnick,
Director.

It is the policy of the City of Boston to award at least 15 percent of the City's contract dollars to minority-owned businesses and at least 5 percent to women-owned businesses.

CITY OF BOSTON

Proceedings of City Council

Wednesday, November 16, 1988.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair and all members present.

OPENING OF MEETING

The Reverend Frank Fairbairn, Chaplain at Northeastern University, delivered the invocation, and the meeting was opened with the salute to the flag.

VISITORS TO CITY COUNCIL

President IANNELLA introduced Councillor O'NEIL who welcomed Father Cheney of Holy Cross College, Worcester, Massachusetts, and presented to him a copy of the resolution of the Boston City Council designating November 16th as "Goody" Glover Day in Boston, commemorating the tricentennial of her religious martyrdom here. Father Cheney thanked the members of the Council for this citation in memory of a religious minority who was put to death for her religious beliefs on November 16, 1688.

President IANNELLA then introduced Councillor McCORMACK who presented a resolution of the City Council congratulating Domenic Avellani on receiving the George Washington Honor Medal. Mr. Avellani thanked the members of the Council for their recognition.

DISAPPROVING ORDINANCE INCREASING REFUSE REMOVAL AND DISPOSAL CAPACITY FOR MULTI-FAMILY DWELLINGS

The following was received:

City of Boston
Office of the Mayor

November 4, 1988.

To the City Council.

Dear Councillors:

I return herewith, without my signature and disapproved, an ordinance ordinance passed by your Honorable Body on October 19, 1988, which would require that the City of Boston collect refuse from residences which currently are ineligible for such service due to failure to comply with established guidelines for trash removal.

My reasons for disapproval include both the operational and financial impacts which the proposed ordinance would have on the city. Presently, the city, like most major American cities, offers trash collection service to all residents willing to comply with regulations and procedures established by the Commissioner of Public Works. These procedures have been embodied in the

terms of the city's existing waste collection contracts for many years, and are based on the determination that the six cubic yard container size limit is in the best interests of safety, efficiency, and cost-effectiveness of trash collection. It should be understood that any change in the container-size limit would necessitate the use of new and additional truck capacity designed to cope with the implications of the proposed deregulation.

As you know, the Commonwealth's refusal to support the city's environmentally sound and fiscally prudent trash disposal plan — involving both recycling and resource recovery — has created enormous upward pressure on our solid waste disposal budget. These cost increases already threaten to limit our ability to respond to needs in other areas of city services. In such circumstances, it seems imprudent to implement a change in collection procedures which, while difficult to quantify precisely, would certainly cost the city many hundreds of thousands of dollars annually.

While the proposed ordinance provides illusory financial protection to the city by theoretically providing for recovery of the incremental cost of the new service, in fact it would be virtually impossible to calculate the incremental cost and to set an appropriate fee schedule with the degree of precision necessary to withstand potential legal challenge. In addition, the city cannot, despite the proposed ordinance's immediate effect, simply add the additional service requirements to our existing trash collection contracts.

In summary, the proposed ordinance would add significant new costs to a city service the cost of which is already growing much faster than are available revenues for all city services. It would also introduce operational difficulties to the city's present system of contracting for residential trash collection.

Respectfully,

Raymond L. Flynn,
Mayor of Boston.

(Annexed hereto is the ordinance referred to.)

DISAPPROVING ORDER THAT PROPERTY TAX CLINICS IN NEIGHBORHOODS BE STAFFED BY APPROPRIATE PERSONNEL FOR PERIOD OF THIRTY DAYS AFTER PROPERTY TAX BILLS MAILED

The following was received:

City of Boston
Office of the Mayor

November 4, 1988.

To the City Council.

Dear Councillors:

I return herewith, without my signature and disapproved, an order passed by your Honorable Body on October 19, 1988, which would require that the city allow residents to pay their property taxes on the sites of the neighborhood tax clinics.

My reasons for disapproval are several. Although well-intentioned as a service to elderly and disabled residents, the proposed system would actually make the tax collection process more difficult for citizens, as the clinic sites are not equipped for the task at this time. Clinic sites lack the necessary on-line computer equipment to process tax bill payments or to generate a duplicate tax bill. In addition, City Hall is able to provide security measures, such as the photographing of transactions, which are not available at the clinic sites.

Currently, the tax clinics are open to the public for a period of two hours during two days. The expansion of hours which would be necessitated by the use of the clinic

ics would demand additions to staff for which special hiring would have to be done. The employees of City Hall have proven experience. The city would either have to send some of them out to the neighborhoods, thereby creating staff shortages at City Hall, or the city would have to hire untested workers, without the expertise with which to answer complex questions, for the neighborhoods.

We will institute a study for the feasibility of this proposal, as this administration is committed to an efficient tax collection system which best serves the citizens of Boston.

Respectfully,
Raymond L. Flynn,
Mayor of Boston.

(Annexed hereto is the order referred to.)
Assigned for further action.

ORDER FOR PETITION FOR SPECIAL LAW AUTHORIZING CITY TO CHOOSE OCTOBER 25, 1987 AS EFFECTIVE DATE OF ACCEPTANCE OF G.L. C. 41, S. 100G1/4 TO INCREASE BURIAL EXPENSES OF CERTAIN FIRE FIGHTERS AND POLICE OFFICERS KILLED IN LINE OF DUTY

The following was received:

City of Boston
Office of the Mayor

November 14, 1988.

To the City Council.

Dear Councilors:

I transmit herewith for your approval a home rule petition authorizing the City of Boston to choose October 25, 1987, as the effective date of its acceptance of G.L. c. 41, s. 100G1/4. Section 100G1/4 was approved by the Legislature June 25, 1987, effective September 23, 1987. It provides that a city, by a majority vote of its city council, with the approval of its mayor, shall pay the reasonable expense, not exceeding \$5,000, of the funeral and burial of certain fire fighters and police officers killed while on duty. Section 100G1/4 further states that the provisions of that section shall become effective in a city when accepted by the city.

This home rule petition is necessary in order to allow the City of Boston to provide up to \$5,000 of the funeral and burial expenses of Boston Police Detectives Roy Sergei, Thomas Gill, and Sherman Griffiths. Without this petition, the city can provide only up to \$2,000.

On June 24, 1988, your Honorable Body passed a similar petition allowing for such benefits, and it was submitted to the State Legislature. Due to the Legislature's new efforts to standardize legislative formats, certain legislators have insisted that the home rule petition be refiled in the attached format before the Legislature will act upon it. Therefore, this current petition is required.

I urge your Honorable Body to pass this home rule petition as expeditiously as possible.

Respectfully,

Raymond L. Flynn,
Mayor of Boston.

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under clause (1) of section 8 of article 2, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing precisely as follows, except for clerical or editorial changes of form only:

Section 2. This act shall take effect upon its passage.

MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA
PRESIDENT, CITY COUNCIL

VOL. 81

NO. 26

BOSTON BUSINESS BACKS MAYOR'S YOUTH CAMPAIGN

The Boston for Boston and Boston Building Owners and Managers Association (BOMA) real estate developers demonstrated their support of Mayor Flynn's Youth Campaign by recruiting volunteers to help lead Boston's youth into a productive and enjoyable summer. The business leaders, along with a group of neighborhood kids, helped Mayor Flynn kick-off the Boston Youth Campaign Corporate Volunteer drive in the lobby of 500 Boylston Street.

Mayor Flynn is seeking 5,000 volunteers to work with city kids this summer at a variety of neighborhood events and in community-based programs. He is also seeking contributions from Boston business leaders in the form of jobs, funds and other resources. As part of this effort, forty downtown office buildings will have Youth Campaign recruitment tables in their lobbies during the month of June and early July.

In addition to 500 Boylston Street, recruitment of volunteers will occur at 99 Summer Street, International Place, 20 and 21 Custom House, 101 Arch Street, Rowe's Wharf, 75-101 Federal Street, Charlestown Navy Yard and Brigham and Women's Hospital.

At the kickoff, CEOs of Boston companies and developers of downtown office towers presented Mayor Flynn pledge cards from employees within their companies. Richard Eichorn of Jaymont Properties; Gregg Jordan, of Hunneman Realty and President of the Building Owners and Managers Association (BOMA); and Alice Gelin of The New England presented pledge cards.

After the kickoff, representatives of Gerald D. Hines Interests, Inc. managing partner of 500 Boylston, gave a group of fifteen students from the Jeremiah Burke High School in Roxbury, who work part-time jobs at The New England through the Private Industry Council's summer jobs program, a tour of the new tower.

Dwindling state and federal funding for programs which help youth will leave many teenagers without constructive opportunities to spend their time this summer. Mayor Flynn has initiated an effort to provide activities for Boston's youth by calling on all those adults who work, live, and play in Boston to contribute some time or other resources to Boston's youth this summer.

Volunteers can become involved with youth recreational or educational activities, tutor a young person in En-

glish or computer skills; or accompany kids to a museum, a ballgame, a concert, or for a walk in one of Boston's parks. "Everybody has something to offer; everybody has something to give. I have made this my personal priority. I hope you will make it yours. With some kids, we may not get a second chance," said Mayor Flynn.

Yaphet Myers, a junior at Jeremiah Burke, who is employed as a data entry clerk at The New England, says he's learned a lot through his part-time job and hopes that the Boston Youth Campaign will bring opportunity to more kids. "When you're hanging on the corner with no money in your pocket and nothing to do, it's easy to get into trouble. With a job, you learn new skills and have money in your pocket, too." Working in the investments department at The New England, Yaphet is learning about investing money. "I want to go to college and major in finance," he said.

LOW INCOME CO-OPS FOR DORCHESTER

An innovative plan, proposed by Little Sisters of the Assumption: Family Health Services, Inc., to build ten, low-income, limited-equity co-ops on vacant city-owned land on Magnolia Street in Dorchester, was approved by the City of Boston's Public Facilities Department (PFD). The new, two-family homes will be built on four vacant parcels, totaling more than 19,000 square feet, that are part of PFD's Project 747 — a program to develop city-owned buildable lots. The homes were designed by John Sharratt Associates of Boston, the winner of PFD's Modular Housing Design Competition.

"I feel very good about this project," said Lisa G. Chapnick, director of the Public Facilities Department. "It represents the first designation in the area that will be developed jointly by PFD and the Dudley Street Neighborhood Initiative. It also has the creative talents of Sisters Susanne Beaton and Margaret Anne Leonard, who run Project Hope. And it makes use of the winning design from our recent 747 design competition. That's exciting."

Project Hope, a family shelter and health care provider for the homeless, is located across the street from the site of the proposed co-ops. Little Sisters of the Assumption, who operate Project Hope, recently renovated a nearby three-decker at 57 Woodford Street, in conjunction with the Cardinal's Rehab program.

"We are looking to build not just housing, but a community," said Sister Susanne Beaton, the permanent housing coordinator for Project Hope. "The residents of these homes will be people who have experienced the pain of homelessness or who are in danger of becoming homeless. We will offer more than bricks and mortar. We will provide training for families so they can control and manage their living environment."

The owners of the limited-equity co-ops will also help build their new homes through a sweat-equity arrangement that will further reduce monthly carrying costs. With the financial support of numerous foundations, Sister Beaton hopes to bring down average monthly costs to between \$250 to \$400.

The total development costs for the ten, limited-equity co-ops are estimated at close to \$1 million. The plan has re-

ceived the enthusiastic support of many residents in the Magnolia and Alexander neighborhood and the parishioners of St. Paul's Church.

Construction is expected to get underway in 1990.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

REAL PROPERTY DEPARTMENT

Appraisal Services

Your Honor:

I respectfully request your permission to award a contract to Meredith & Grew, 160 Federal Street, for the appraisal of fourteen surface parking lots which will be lost due to the depression of the Central Artery and/or the Third Harbor Tunnel. The primary purpose of the appraisals is the ascertainment of a fair market value.

Compensation under this contract shall not exceed \$25,000 as outlined in their proposal, which I have determined to be reasonable for the services provided and will be paid from the Parking Facilities Fund Account. The period of performance will be May 1, through July 30, 1989.

On February 6 and 13, 1989 an invitation for bids was published in the *City Record*, in addition bid packages were mailed to the following firms:

Beal & Co., 15 Broad Street; The Codman Co., 211 Congress Street; Leggett McCall Werner, Exchange Place; C.W. Whittier, 155 Federal Street; Hunneman Co., 70-80 Lincoln Street; Meredith & Grew, 160 Federal Street.

The above efforts to obtain a low bidder through a public bid process was unsuccessful. Some firms shared a concern about a potential conflict of interest between city and state projects (either ongoing or forthcoming). The primary reason for not bidding was the request for a bid deposit which must be in the form of a certified check or bid bond.

However, Two firms declared their interest to meet with staff and to then furnish staff with a proposal to enter into a professional services contract. The following is the result of those meetings:

Meredith & Grew, Inc., 160 Federal Street, \$25,000; Leggett McCall Werner, Exchange Place, \$50,000.

After a review of the proposals and the recommendation of staff on March 31, 1989, the Real Property Board unanimously voted to authorize the chairman to execute a contract on behalf of the Board with Meredith & Grew. Your approval of the action of the Board is requested.

In view of the professional nature of the services, the qualifications of the firm and the most reasonable price, I believe further public advertising would serve no useful purpose.

Respectfully requested,

Frank N. Jones,
Chairman.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

Personnel Management

Training Managers

Dear Mr. Mayor:

In response to a request for proposal in the *City Record* in October of 1987, a contract was awarded to Maya Olson, president of Evergreen Training and Development, Groveland, which your Honor approved on January 22, 1988. On August 30, 1988, your Honor approved the award of a second contract, without public advertising, to preserve the continuity of the program, to Evergreen Training and Development, Inc.. This is a certified woman-owned business.

Your approval is requested to amend this contract to provide for consultation to the Management Performance Program on issues related to implementation and training. In response to the tighter budget for next year, the Office of Personnel Management's Program 10 is training managers in skills to help them manage in an era of limited resources. Specifically, Evergreen Training and Development will be advising on the design of MPP Phase Three and on MPP Year Two, a core curricu-

lim for city managers. Program 10 is expanding, and beginning to work on MPP projects not planned at the time the original contract was signed. Evergreen Training and Development, Inc. is needed to help design and plan these projects, especially the core curriculum of managers, to provide continuity in the MPP program's work. Evergreen will provide professional consultation at the rate of \$800 a day, as in the contract which resulted from the original 1987 RFP.

Before choosing Maya Olson of Evergreen Training and Development, Inc. for the original FY88 contract, the Office of Personnel Management advertised in the *City Record* and circulated requested for proposals to consultants in the human resources development field. She was the best qualified to perform this work because of her extensive experience with performance appraisal in the public sector, including four years of training at all levels of management in the Commonwealth's Performance Management System.

The cost of this amendment, which is effective April 27, 1989, shall not exceed \$22,000 which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$60,400. This funding will be charged against appropriation 011-140-1042-PM10-0290 with an initial encumbrance of \$9,500. The period of this contract shall not be extended.

Because of the professional nature of the services to be performed, and the need to provide a continuum for the MVP program, I believe that public advertising would serve no useful purpose.

Very truly yours,

Felix D. Arroyo,
Director.

ASSESSING DEPARTMENT Computer Programming Services

Dear Mr. Mayor:

On July 25, 1988, your Honor approved the award of a contract with advertising for bids, to Bowen & Hayes, Inc., 50 Milk Street, for on-site system and programming services to the Assessing Department's in-house VAX computer system. The contract is for the period from July 1, 1988, through June 30, 1989, at a cost not to exceed \$75,000.

Your approval is requested to amend this contract to provide for additional support, which was not anticipated, for the Assessing Department's various computerized software systems. The contractor will rewrite the REGI system to integrate it with ownership history; design and develop a new system to handle building permits; design and develop a new system for capturing clause applicants; and design and develop a new security system.

The cost of this amendment, which is effective April 15, 1989, shall not exceed \$10,000, which I have determined to be reasonable. The contract, as amended shall not exceed \$85,000. The rate of compensation will remain the same.

The term of this contract shall remain unchanged.

Because of the professional and technical nature of the services to be provided and the need to have such services performed in a timely manner, and because this is an amendment of a previously advertised and approved contract, I believe that public advertising would serve no useful purpose.

Sincerely,

Thaddeus J. Jankowski,
Commissioner.

CONSUMER AFFAIRS AND LICENSING

Dear Mr. Mayor:

On September 4, 1988, your Honor approved an award of a contract, without public advertising for bids, to Murphy, DeMarco and O'Neill, P.C. for legal services during the period July 27, 1988, to June 30, 1989, at a cost not to exceed \$20,000.

Your approval is requested to amend this contract to provide for legal services in the litigation entitled, *Highland Tap of Boston, Inc. and Frank Alexopoulos, manager of Highland Tap v. Diane J. Modica, as she is Commissioner of the Mayor's Office of Consumer Affairs and Licensing, and the City of Boston.* (Superior Court Department of the Trial Court, Civil Action No. 87-7200). The increased costs include anticipated trial preparation of approximately \$2,000 and anticipated costs of \$15,000 for preparing an appeal on this matter. In addition, this amendment includes \$5,000 for legal services to this department, when necessary, for carrying out its regulatory duties on licensing matters. This is necessary due to the current vacancy in our deputy director/legal advisor position and will include sitting as counsel at selected administrative hearings and rendering written legal decisions. This arrangement is temporary in nature and will be remedied when the position is filled. However, the present lack of legal counsel must be addressed to maintain the propriety of our legal decisions. The cost of this amendment, which is effective on April 10, 1989, shall not exceed \$40,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$60,000. The period of performance shall be to June 30, 1989.

Because of the professional nature of the services and the specialized knowledge of the contractor, I believe that public advertising would serve no useful purpose.

Very truly yours,

Diane J. Modica,
Commissioner.

LAW DEPARTMENT Immigration Consultant

Dear Mr. Mayor:

On July 25, 1988, your Honor approved an award of a contract, without public advertising, to Cathryn MacInnes, an individual located at Malden, for professional services to be performed on behalf of the Immigrant Rights Project during the period July 1, 1988, to June 30, 1989, at a cost not to exceed \$25,000.

Your approval is requested to amend this contract to ensure Ms. MacInnes' continued services as an immigration consultant for the Law Department on behalf of the Immigrant Rights Project. This amendment is necessary due to the fact that she will have worked more hours over the term of her contract than were originally anticipated.

The cost of this amendment, which is effective May 10, 1989, shall not exceed \$5,000, which I have determined to be reasonable. The contract as amended, shall not exceed \$30,000.

Because of the professional services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph I. Mulligan,
Corporation Counsel.

Legal Services

Dear Mr. Mayor:

On September 14, 1988, your Honor approved an award of a contract, without public advertising for bids, to Albert L. Hutton, an attorney located at 6

Beacon Street, for legal services and representation to police officer John Crowley in the case of *Eloise N. Pate v. John Crowley, et al*, Suffolk Superior Court, C. A. No. 67186, at a cost not to exceed \$20,000.

Your approval is requested to amend this contract in order to provide additional services which are required in the preparation of the city's defense in the above case which is scheduled to go to trial on May 30, 1989.

The cost of this amendment, which is effective April 27, 1988, shall not exceed \$20,000, which I have determined reasonable for the work to be performed. The contract, as amended, shall not exceed \$40,000.

Because of the professional services to be performed, I believe public advertising would serve no useful purpose.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

PARKS AND RECREATION DEPARTMENT

Rental Chair Service

Dear Mr. Mayor:

On June 2, 1988, your Honor approved an award of a contract based on public advertising for bids, to Why-Not-Rent, 1152 Dorchester Avenue, Dorchester, for rental chair service during the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$25,000.

The above contract is for an as-needed basis. Because of the limitations of the budget allowed, and because the demand for the contracted services has been much higher than anticipated, the money allotted will have to be increased before completion of the scheduled and necessary services are made. Therefore, your approval is requested to amend this contract to provide funds for needed rental chair service. Payment for work performed will be at the original contract unit prices.

The cost of this amendment which is effective on May 15, 1989, shall not exceed \$10,000, a sum which I have determined to be reasonable. The contract as amended shall not exceed \$35,000.

Because time is critical factor, and because the contractor has performed satisfactorily, it is my judgment that the amendment proposed is in the best interest of the city, and that public advertising would serve no useful purpose.

Very truly yours,
Lawrence A. Dwyer,
Commissioner.

STATE-BOSTON RETIREMENT SYSTEM

**Request for Proposal
for Actuarial Services.**

INTRODUCTION

The State-Boston Retirement System provides retirement benefits to all active and retired employees of the City of Boston, including teachers. The plan of benefits is that which is established under chapter 32 of the Massachusetts General Laws, covering all employees in groups 1, 2, and 4, as defined in chapter 32. In addition to retirement benefits, there are disability benefits, both accidental and ordinary, and death benefits, both accidental and ordinary, provided through the plan as contained in chapter 32, as amended through December 31, 1988.

The System is administered by a three-member Retirement Board. The Board is composed of one member elected by the participants; the City Auditor, the ex-officio member; and a third member selected by the first two.

The board desires to obtain the services of an actuary to prepare an annual valuation of the pension plan for the following purposes:

- To determine the financial condition of the plan at the end of the plan year.
- To determine the recommended contribution for the ensuing fiscal years.
- To prepare all necessary information required as set forth in GASB No. 5 and FAS No. 35; and, the funding schedule required under section 22D of chapter 32.

The request for proposal delineates certain basic information about the plan's membership for your information. The request also specifies the work to be performed and the criteria to be used in selecting an actuary.

The Board reserves the right to request additional information, to reject any and all proposals and/or take any other action it deems appropriate. Special preference will be given to Boston-based firms, but firms outside of Boston will not be precluded for responding or final selection.

THE PLAN AND MEMBERSHIP

The provisions of the plan are set forth in Massachusetts General Laws, chapter 32. The city has adopted section 22D of chapter 32 of the Massachusetts General Laws making the city a funded system.

Active membership on December 31, 1987, was 24,078 active members, and 13,207 retired members. The annual statement for the calendar year 1987, as submitted to the Public Employment Retirement Administration containing certain information which may be useful in preparing your proposal, may be obtained at the Retirement Board office.

If you require any additional information, or have additional questions, please contact Daniel Indiciani at 725-4315.

SERVICES REQUIRED

The firm selected shall prepare an annual valuation for the plan year beginning January 1, 1989, and ending December 31, 1989. The firm will be required to provide all information for the fiscal year beginning July 1, 1989, and ending June 30, 1990. The initial contract will be for the fiscal year beginning July 1, 1989, and ending June 30, 1990. The proposals may be for longer periods such as

three years on a renewable basis at the discretion of the Board. The successful bidder will be required to prepare certain footnote information for the City's Financial Statement for the fiscal year ending June 30, 1989, based upon the valuation for the 1989 retirement plan year.

In addition to the preparation of the annual valuation, the successful bidder may be asked to perform other additional services on a project by project basis which will involve consulting services on the following:

- Verification of the fiscal appropriation by the PERA actuary.
- Improvements in record-keeping.
- Computerization of certain functions.
- Forecasting and liability modeling for the pension plan under various alternatives.

For the purposes of evaluating the potential use of these services, the proposal should include the range of hourly rates for employees of the firm and any other additional information necessary in establishing potential cost estimates for such services.

The annual valuation shall contain but may not be limited to the following information:

- The annual cost of the system to fully fund the actuarial liability by June 30, 2028, as stipulated under section 22D of chapter 32 of the General Laws of Massachusetts.
- The annual cost and liabilities for each of the following separate departments within the city:
 - Teachers
 - Health and Hospitals
 - Boston Redevelopment Authority
 - Boston Housing Authority
 - Water and Sewer Commission
 - City Employees

For each of the above groups, the costs and liabilities must be presented separately, and a separate asset allocation must be prepared.

- The report shall contain all information necessary for compliance by the City for each department under GASB No. 5 and FAS No. 35.
- A draft report shall be prepared for review and comment by the board before completion of the final report to be submitted to the board and other governing bodies as so requested. The firm which is retained must make individuals available to meet at short notice with the Mayor and representatives of the Office of Budget and Finance, and the City Auditor's office, as well as the City's outside CPA firm.

QUALIFICATIONS

The following facts will be taken into consideration by the board in selecting the firm. The firm may supply such additional special factors as it feels deserves consideration by the board beyond the items listed below:

1. Name and location of firm.
2. Location of the office from which all work will be performed, including all computer work, record keeping, etc.
3. A biography of those individuals within the firm who will be assigned to City of Boston Retirement Plan if you are the successful bidder.
4. Name, telephone number of similar clients, as well as the specific official to be contacted as a reference for your firm.
5. List of all other chapter 32 clients and studies completed on chapter 32 systems, and any other activity in connection with retirement plans in the Commonwealth of Massachusetts.
6. A sample of a typical valuation report.
7. A description of all services that your firm can

provide in addition to the actuarial valuation. You should include all services that are available and the office from which they would be available to the City of Boston Retirement Board. You may include, if you so desire, a list of client references in this area as well.

SELECTION CRITERIA

The selection of the firm to perform the valuation will be based upon but is not limited to the following criteria:

1. The quality and extent of the applicant's experience as actuaries for and to any plan similar to the one maintained by the City of Boston Retirement Board.
2. The qualifications of the individuals who will be primarily responsible for the servicing of the City of Boston Retirement Plan.
3. The cost for performing the actuarial valuation.
4. The degree to which the proposal reflects an understanding of chapter 32 as amended by chapter 697, of the General Acts of 1987.

SUMMARY

The applicant is encouraged to attach any other information which may be helpful to the board in making the final selection.
